WASHINGTON, Feb. 18.—Trial by court-martial of two naval officers in connection with charges of bribery and graft in the third naval district has been ordered by Secretary Daniels.

It was announced today that sufficient evidence had been submitted to justify a preliminary report by investigators to warrant these trials immediately. Secretary Daniels said at least two other cases were developing.

No names were made public, but it was learned that one case involved the acceptance by a naval medical officer of a bribe of \$1000 for passing an applicant who was not physically qualified for the duties he sought, and another case involved a bribe of \$500 to secure a detail which would permit the applicant to remain at home indefinitely.

Probe Continues

NEW YORK, Feb. 18.—Investigation of the charges of bribery and graft on the part of the personnel of the third naval district was still under way and would not be completed for several days, possibly longer, it was disclosed at the district headquarters today.

It was learned that the present inquiry is the outgrowth of evidence produced at the court-martial of Lieut. Benjamin Davis, a medical officer.

Erzberger, who seemingly has been unpopular because of his work in the armistice negotiations and who received only scattered applause when he spoke last week to the national assembly, re-established himself by his speech today not only with his own party but with all other with the exception of the conservatives. Their demonstration caused Vogler to stop speaking by drowning out his voice. The house cheered Erzberger at the conclusion of his speech, breaking the house rules and applauding as well as cheering for several minutes until it was called to order by President Behrenbach.

MEETING OF FARMERS' INSTITUTE TODAY

The third farmers' institute meeting of the season under the auspices of the Massachusetts state department of agriculture, co-operating with the Middlesex North agricultural society, was held today at the Paige Street Baptist church. The morning session continued from 10 until 12 o'clock, and the afternoon session was scheduled for 2 o'clock. The attendance was most gratifying and the discussions produced an interesting exchange of ideas.

It mattered not to the farmers present that the thermometer without sound was below the freezing point, for they sat down and talked cabbage, squash, corn, hay and potatoes with true July spirit and enthusiasm.

The institute opened at 10 o'clock and for half an hour George I. Stove of West Millbury, Mass., a practical farmer, led an informal conference on a wide variety of subjects pertinent to the proper way of planting crops that the maximum harvest may be obtained. Mr. Stove answered many questions put to him and made the short session check full of interest and help.

At 10:20 o'clock Edward F. Dickinson continued to Page Seven

RECEPTION FOR LOWELL MEN OF THE 26TH

Mayor Perry D. Thompson is working steadily on plans for the reception of the Lowell men in the 26th division upon their arrival from France. Considerable uncertainty has been caused by the lack of definite information as to when the division would leave for home and also upon the manner of their reception on this side.

It is known that the men will land in Boston and after a parade there will probably go to Camp Devens. It is at this point that the mayor is uncertain as to plans. It is feared that the Lowell boys will be discharged a few days in advance and this will prevent any organized welcome home.

However, His Honor has set April 19, Patriots day, aside for the first official reception to Lowell's gallant heroes. It is expected that a large number of the boys will be home at that time and every Lowell man who participated in the war will be asked to take part in a parade and other exercises on that date.

Today Mayor Thompson received several orders of the medal which are to be presented to the 5000 or 6000 men who did their bit and the finished product is a beauty. The design was made by Laurin Martin of this city and several firms have worked on the actual composition of the emblems. The mayor is inclined to choose one of silver effect out of the samples already submitted. He has not yet given the order to have them made.

A very appropriate and neatly designed "Welcome Home" flag, based on His Honor's ideas, has been sketched out by a local sign painter and if present plans are carried out, a banner made according to the design, will be manufactured and sent on here in time for April 19. It will measure 20 by eight feet and will cost in the neighborhood of \$120.

FOUR MASS MEETINGS

Four mass meetings of textile operatives of this city are scheduled to be held this evening. The meetings are being called by the Lowell General textile committee, but the purpose of the meetings has not been stated. The gatherings will take place at 7 o'clock as follows: Portuguese, Graham hall, 212 Merrimack street; Greeks, street Orthodox church; Jefferson street; Poles, Don Polesky hall, 10 Auburn street and French, 22 Middle street.

LABOR TROUBLE SERIOUS

Former President Says Lawrence Contending With Bolshevism in America

An insight as to just how seriously the people of Lawrence are regarding their present labor trouble is disclosed in a communication received today by Mayor Perry D. Thompson from Richard Ward, president of the Lawrence chamber of commerce in which he asks that the mayor allow members of the Lowell police force to remain in Lawrence until the trouble has subsided.

He declares that Lawrence was being made the battle ground where a principle was being fought out and that the city was contending with the agents of Bolshevism in America. He asks that the mayor send a line assuring him of the continued presence of local police officers in Lawrence. The mayor has not yet answered the communication. In full, it is as follows:

February 18, Hon. Perry D. Thompson, Mayor, Lowell, Mass.

Dear Mr. Mayor:—Lawrence is, as you know, struggling at present with a labor disturbance which is very definitely understood to result from a campaign of publicity initiated and supported by the agents of Bolshevism in America.

Ex-President William H. Taft made the statement that it was a well recognized fact that Lawrence was being made the battle ground where a principle was being fought out, and that the forces of the whole country, in fact, the whole world were upon Lawrence, and whatever success the demands of the agitators and with Lawrence would immediately be followed by similar demands in other industrial centers.

The movement here is not dying; it is waiting. It is on the increase, and outside agitators are becoming increasingly active.

Our citizens' committee is now convinced that only drastic measures will save us from a repetition of what occurred in 1912, and they are taking steps to inaugurate these drastic measures which will, we hope, save us. There has been considerable agitation against the police from other cities.

Yours very truly, RICHARD WARD, President.

NOT A RUSSIAN AMONG RED AGITATORS

WASHINGTON, Feb. 18.—Col. S. Hurlbut of the Czechoslovak army, continuing today his story of the situation in Russia before the senate committee investigating lawless propaganda in this country, said of all the Bolshevik agitators he saw in Russia, not one was a Russian.

SCHOOL IN HIGHLANDS
Opposition to Addition to
Morey School—Petitioners
Ask For New School

Declaring that some of the children who are now attending the Morey grammar school, spend more time going and coming from the buildings than they do in the school itself, some 20 property owners and residents of the upper Highlands section appeared before the school committee last night to back up by their presence and voice two petitions asking that a new school be built in the vicinity of Tyler park rather than an addition to the present Morey school.

BASEMENT

was a large representation of women both among the speakers and others present. Among them was Mrs. Fred Dimmick of Princeton street, the mother of nine children, seven of whom are at school. She protested against the erection of an annex to the Morey school. Other speakers in favor of a new school in the vicinity of Tyler park included Hon. George E. Putnam, Benjamin A. Stacey, Frank M. Short, Mrs. Sarah Constantine, Herbert H. Webster, former Representative Fred O. Lewis, Clinton P. Tuttle and David Latham.

The hearing was opened at 8.10 in the school committee rooms with Chairman Richard Westbrook presiding. It was agreed to combine the two petitions which had been presented to the committee into one for the purpose of the hearing and that the prime motive of the petition was to have a new school building erected in the vicinity of Tyler park.

George E. Putnam was the first to speak. He said that the signers of the petition wanted something done with regard to the Morey school situation. It was felt that an entirely new school would be preferable to enlarging the Morey school. He stated that one would think Barnum's circus was being released to see the children pouring out of the Morey school. Some of them live so far away from the school that they can't hear the no-school bell in stormy weather. Furthermore, they can no longer obtain information in this respect from the telephone exchange. He said that he had no particular site in view for the new school. That was up to the committee to decide. The Boston & Maine railroad had taken over a considerable tract of land and was building extensively. There is very little room to build in the Highlands until one gets to Tyler park, he said. He believed that it should be the policy of the committee to enlarge the city instead of drawing it in. He maintained that that section of the city was building up very rapidly and that one reason to expect continued growth was because it had the best car line in the city.

Frank M. Short approved Mr. Putnam's statements and added that it was easy to stir up trouble among children when they are gathered in excessively large numbers.

Mrs. Fred Dimmick said that she was the mother of nine children, seven of whom were attending school. She was in favor of a new building rather than an annex to the present Morey school.

Mrs. Sarah Constantine said that one of her children was going to the Morey school now and that another would start in next term. She believed that they had to walk too far from where she lived to get to school.

Catechised Mr. Walsh
Herbert H. Webster catechised Mr. Walsh to some extent until protest was made and Mr. Webster was asked to confine himself merely to the presentation of his side of the case.

He wanted to know if the committee had estimated the cost of the pro-

posed 18-room addition to the school and he was told at the rate of \$19,000 per room.

"Is there any land available for the addition?"

Mr. Walsh: "Yes, some 70,000 feet in back of the school."

Mr. Webster: "Are there any buildings on that land?"

Mr. Walsh: "There are two small dwelling houses."

Mr. Webster: "Are they taxable property?"

Mr. Walsh: "Yes."

Mr. Webster: "For how much are they assessed?"

Mr. Walsh was unable to answer and Clinton P. Tuttle volunteered the information that \$10,000 was the approximate value of the 70,000 feet of land, including the buildings.

Mr. Webster: "That means that the land estimated cost of the new addition would be near \$300,000. How would the people who are sending their children to the Morey school benefit by such an addition?"

Mr. Crowley: "Mr. Chairman, isn't this meeting designed to enable the school committee to get information rather than give it out?"

Mr. Walsh: "I'd be very glad to answer your question, Mr. Webster, but I think you ought to confine yourself to the presentation of your side of the case."

Mr. Webster: "I'm trying to lay the foundation of my case. We have a very decided purpose in coming here. If the plans of the school board are carried out, we are going to have only one school in one locality. I don't believe the cost will stop at \$200,000. In a short time we'll need another school and it will be a case of spending that much money again. The Washington school is already congested, although it has been up only 10 years. Is it advisable to take \$200,000 from the taxpayers when it is almost certain that we shall need just as much five years from now? If the land is taken by the right of eminent domain and the owners succeed in getting 25 per cent in addition to the assessed value, the land for the proposed addition will cost 12,500."

Tyler Park Land
"Right in back of Tyler park there are 10 acres of land assessed at one cent per square foot. I don't know who owns the land and I'm not up here in any land selling scheme. But all that land could be taken for the amount of money which it will cost to take 20,000 square feet for the proposed addition."

Clinton P. Tuttle said that he believed a new school should be placed somewhere between the Morey school and the city line. He said that the line of the Washington school district had been brought up to Shaw street, right in the shadow of the Morey school, in order to fill up the Washington school. He felt that if the school committee was looking to increase the city's revenue it should not acquire taxable property. The building of a new school would avoid this.

David Latham said that he had two sons going to the Morey school. He lives near the city line.

"They spend as much time on their way to and from school," he said, "as they do in school. They have no time for recreation. They have to hurry at noon and leave in the morning before working men do. A recreation ground in the Highlands would be of no use to them because they would have no time for it. I believe a school should be built in the vicinity of Tyler park."

Mr. Tuttle wanted to know if the committee had received any petition asking that an addition be built to the Morey school. Chairman Walsh said that it had not.

Fred O. Lewis said that the children in the Highlands section and of the Highlands were being handicapped by having to go to the Morey school. He

couldn't see any possibility of an increase in population to the east or in the immediate vicinity of the Morey school, but that the section to the west was being built up rapidly and it was only a question of time when a building would have to be erected there.

Mr. Walsh asked if there was any opposition to the petitions and there was none. The hearing was declared closed at 8.15.

BRITISH SAY ALLIES TO SINK HUN FLEET
LONDON, Feb. 19 (British Wireless Service).—The final armistice conditions which the supreme council is considering will be made public before the end of the month, according to various newspapers, and they will include:

HAVE COLOR IN CHEEKS

among the naval conditions the demolition of the forts on Heligoland and the Kiel canal, the surrender for purposes of destruction of the German warships now interned and the opening of the Kiel canal for civil transports.

It is stated that Germany will be left with a fleet large enough for defensive purposes.

PARIS, Feb. 12.—(The special commission of the supreme council, charged with drafting the terms of a definite armistice which will hold good until the peace preliminaries are signed, has almost completed its task, and it is possible, says a Havas report, that Marshal Foch will be able to notify the Germans on Thursday or Friday of the military and naval terms, which will be essentially those of the preliminary peace treaty.

It is understood that the terms will include clauses by which Germany will be allowed to maintain only 250,000 men under arms to keep order. All war material beyond what is necessary to equip those troops would, according to report, be placed under control of the allies, who will also hold Germany's munition factories.

SWEDEN WANTS TO RETURN 250,000 GERMAN AND AUSTRIAN PRISONERS
STOCKHOLM, Tuesday, Feb. 18.—I. N. Morris, American minister here, has transmitted for consideration of the peace conference, a suggestion from the Siberian government that Sweden, which since America's entrance into the war has been looking after the interests of German and Austrian prisoners on behalf of the Siberian government, ask for permission to return more than 250,000 prisoners by way of Vladivostok at once.

The communication also asks that tonnage and foodstuffs be placed at the disposal of Sweden so that the transfer can be made.

GENERAL PILSUDSKI TO RESIGN AS CHIEF OF THE POLISH STATE
WARSAW, Feb. 15.—General Joseph Pilsudski has announced his intention of resigning as chief of the Polish state.

A small girl who wanted to become a member of the Boys' and Girls' Social club in Searcy county, Ark., but who found it impossible to procure a setting of hens' eggs, managed to acquire four turkey eggs, which she put under a tiny hantam hen, the sole incubator at her disposal. Banty hatched out the four eggs, all right, and so had every reason for material pride in among the exhibits at the recent county fair.

PLAN TO CONSOLIDATE FIVE GREAT PRESBYTERIAN BODIES OF UNITED STATES
CINCINNATI, Feb. 12.—Consolidation of the five great Presbyterian bodies of the United States is the object of a series of conferences begun here last night. The five bodies are the Presbyterian church of America; the Presbyterian church of the United States of America; the German Presbyterian church, the Dutch Presbyterian church, and the United Presbyterian church of America.

Cocoon Oil Fine For Washing Hair
If you want to keep your hair in good condition, be careful what you wash it with.
Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain mulberry cocoon oil (which is pure and entirely greaseless), is much better than the most expensive soap or anything else you can use for shampooing, as this can't possibly injure the hair.
Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, cumdust and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.
You can get mulberry cocoon oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.—Adv.

REPORT OF THE COUNTY COMMISSIONERS

The annual report of the county commissioners of Middlesex Co., the county treasurer and the superintendent of the Middlesex county training school in North Chelmsford for the year ending December 31, 1918, has just been made public and includes a number of facts and figures of local interest.

The county commissioners are Alfred L. Cutting, Erson B. Barlow and Walter C. Wardwell. The county treasurer is J. O. Hayden and the school superintendent, Rufus E. Corlew.

The county expended a total of \$1,299,999.50 during the year. Of this, the support of the county training school took up \$19,848.12. The support of prisoners cost the county \$294,170.86. The county term bureau received \$8600.

The county received \$378.50 from the sale of old material at the Lowell jail and \$50 from the Lowell police court for dog fines.

Bernard F. Gately of this city received \$41 from the county for serving venets for the civil court and \$36.50 for the same work in connection with the superior criminal court.

The care of the Lowell court house cost \$6,069.77 and expenses for fuel, light and water in the same building totalled \$2934.30.

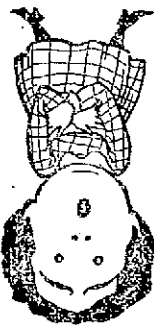

Among the damages paid by the county to Lowell people were the following amounts: Henry L. Sheldon, \$11; John S. Cutler, \$82; Harrie Bananas, \$12; P. B. Trull, \$10; Joseph M. Wilson, \$6.25 and Mrs. C. F. Hetchins, \$250.

The following Lowell people re-

Fagged Out Women Vinol is What You Need

If all the tired, overworked, run-down women in this community could realize how our delicious Vinol, which contains Beef and Cod Liver Peptones, Iron and Manganese Peptonates and Glycophosphates supplies the vital elements necessary to enrich the blood and create working strength, we wouldn't be able to supply the demand.

Dukedom, Tenn.
"I live on a farm and keep house for six in my family. I got into a nervous, run-down condition so it seemed as though I would die. A friend advised me to try Vinol. I have been greatly improved by its use and am better and stronger in every way."—Mrs. H. H. Goodwin.

Burdett, N. Y.
"I keep house for my family of three, and raise chickens. I had a nervous breakdown, so I was unable to work. The doctor did not seem to help me, and a cousin asked me to try Vinol. It built me up—I now have a good appetite and am well and strong."—Mrs. Loyal Palmer.

For all run-down, nervous, anemic conditions, weak women, overworked men, feeble old people and delicate children, there is no remedy like Vinol.

Vinol Creates Strength

LIUGETT'S BIKER-JAYNES DRUG STORES, LOWELL PHARMACY, FALLS & BURKINSHAW, E. J. CAMPBELL, AND DRUGGISTS EVERYWHERE.

collected the amounts mentioned for appraising: Redmond Welen, \$7.10; Martin A. Maher, \$2.10; William H. Wilson, \$2.20 and Philip Dwyer, \$1.20.

First Street Highway

The county commissioners include the following hopeful comment on the new first street highway in this city as part of their annual report on roads:

"This is the case of a new highway from First street at Read street along the northerly bank of the Merrimack river to the Dracut town line, so as to provide a suitable entrance into Lowell by way of the river road from Lawrence, which was built as a state highway a few years ago. Owing to war conditions, the project was not forwarded the past year, but it is hoped this improvement may be accomplished when financial conditions are more favorable. The present first street is not in good repair and the new route with the work proposed by the highway commission will provide an adequate entrance to the state road which leads down the river to Lawrence."

The Lowell Jail

The commissioners also make the following report of conditions at the Lowell jail:

"In December when the commissioners made an inspection of the Lowell jail, there were 66 inmates, 50 men and 16 women. The keeper again called attention to the need of toilet arrangements in cells and for better bathing facilities. With the small population, the men are kept busy about the place to a large extent, there being no industry now established at this institution. Some effort was made to cultivate a tract of land for the purpose of raising corn and potatoes on a lot outside of Lowell and fairly good results were obtained. Some better arrangement should be made, and a new ice chest is needed. The commissioners' attention was also called to the need of gratings in front of the cell areas to prevent accidents and all of these matters were taken under advisement."

Training School

The report of Rufus E. Corlew, superintendent of the training school, is most interesting as usual. In view of the present campaign for Americanization, the statement that out of the 60 boys committed during 1918, only 20 of them were sons of native born parents is pertinent. Thirty-six boys were discharged from the school during the year.

The school was very fortunate during the influenza epidemic. In the early fall not one boy or officer at the school had it. During the recrudescence there

were several cases but only in a mild form.

Thirty-seven former members of the school are in the national service and one gave up his life. In closing, Supt. Corlew expresses his appreciation to the pastors of both the Catholic and Protestant churches in North Chelmsford for their services. Last spring 35 boys were confirmed in the Catholic faith at St. John's church, North Chelmsford. Special thanks are also extended to William F. Thornton, attendance officer of Lowell, and to the Knights of Columbus and the ladies assisting them, who under Mr. Thornton's direction, entertained with an enjoyable minstrel show.

A. G. POLLARD COMPANY EMPLOYEES' DANCE

All the joyousness and jollity of former years was reflected in the annual social and dance given last night by the A. G. Pollard Co. Employees' Mutual Benefit association in Associate hall. The affair attracted a large number of young people, who enjoyed the evening to the utmost. Dancing was started shortly after 8 o'clock and continued until midnight. Miner-Doyle's orchestra furnished music. Ices were served during an intermission when the young people were given an opportunity to meet Mayor and Mrs. Perry D. Thompson and Mr. and Mrs. Harry G. Pollard.

The decorative scheme of the hall was beautiful to look upon. Colored painting, lace trimmings, greenery and cut flowers were blended into a charming effect, while hundreds of covered lights added to the scene. The stage background was light blue, centered by a large American flag.

The officers in charge were: General manager, Mildred M. O'Connor; assistant general manager, Helen M. Rogers. Floor director, Madeline Hartigan; assistant floor director, Anita Marquis; chief aids, Max Cashman, Marion Mulcahy, Laura Daigle, Ida Grandelaup, Margaret Sullivan, Agnes Dooley; aids, members of the association.

MRS. ROOSEVELT AT SON'S GRAVE

PARIS, Feb. 18.—Mrs. Theodore Roosevelt, accompanied by Lieut. Col. Theodore Roosevelt, Jr., visited the grave of Lieut. Quentin Roosevelt, near Versen-Tardenois, yesterday, and laid flowers on the simple monument which marks her son's last resting place. The grave is being carefully tended by the inhabitants of the locality.

CANOPIC ARRIVES WITH TROOPS

NEW YORK, Feb. 18.—The Canopic arrived today from Brest with 34 officers and 1201 men of the 182nd Infantry of the 11st division. Also aboard were 184 casual officers and men and 21 naval officers and civilian employees.

WOMAN WHO FELL DOWNSTAIRS DIES AS RESULT OF INJURIES

Mrs. Alma W. Fisher, who last Thursday evening fell down a flight of stairs in the Keefe block at the corner of Broadway and School street and dislocated her left shoulder, died last evening at the Lowell Corporation hospital. The injured woman, when taken to the hospital, was unconscious and she passed away without regaining her senses. Her home is at 173 School street.

LICENSE COMMISSION

At a regular meeting of the license commission held last evening the following routine business was transacted: Licenses granted, junk collector, Robert A. Hartley, Billerica; to sell ice cream on the Lord's day, Lowell Confectionery Co., 129 Gorham street.

Actress Tells Secret

A Well Known Actress Tells How to Darken Gray Hair With a Simple Home Made Mixture

Jeicy Williams, the well known American actress, who was recently playing at the Imperial theatre in St. Louis, Mo., made the following statement about gray hair and how to darken it: "Anyone can prepare a simple mixture at home, at very little cost, that will darken gray streaked or faded hair, and make it soft and glossy. To a half pint of water add 1 ounce of bay rum, a small box of Barbo Compound, and 1 ounce of glycerine. These ingredients can be bought at any drug store at very little cost, or any druggist can put it up for you. Apply to the hair before a wash, and the desired shade is obtained. To make a gray haired person look 20 years younger. This is not a dye, it does not color the most delicate scalp, is not sticky or greasy and does not rub off."—Adv.

PRESIDENT TO ATTEND

Will Preside at Conference of Governors — To Discuss Unemployment Problem

CINCINNATI, Ohio, Feb. 18.—The conference of governors to be presided over by President Wilson for the sole discussion of unemployment, has been called by the department of labor for early in March, the exact date and cable had been received from the president to be fixed when he returns to the White House.

Fight to Win!

The Nation demands strong men—strong women and robust children. Wisdom suggests that every proper means of safeguarding the vital forces and building up of resistance, be utilized.

SCOTT'S EMULSION

affords definite help to those who are "fighting to win" against the inroads of weakness. Scott's, abundant in tonic-nutrient properties, builds up the body by Nature's methods. Scott & Bowne, Bloomfield, N.J. 18-14

GET RID OF YOUR FAT

Thousands of others have gotten rid of theirs WITHOUT DIETING OR EXERCISING often at the rate of over a pound a day and WITHOUT PAYMENT until reduction has taken place.

I am a licensed practicing physician and personally select the treatment for each individual case, thus enabling me to choose remedies that will produce not only a loss of weight harmlessly, but which will also relieve you of all the troublesome symptoms of over-stoutness such as shortness of breath, palpitation, indigestion, rheumatism, gout, asthma, kidney trouble and various other afflictions which often accompany over-stoutness.

My treatment will relieve that depressed, tired, sleepy feeling, giving you renewed energy and vigor, a result of the loss of your superfluous fat.

You are not required to change in the slightest from your regular mode of living. There is no dieting or exercising. It is simple, easy and pleasant to take. If you are over-stout do not postpone but sit down right now and send for my FREE TRIAL TREATMENT and my plan whereby I am to be PAID ONLY AFTER REDUCTION HAS TAKEN PLACE if you so desire. DR. R. NEWMAN, Licensed Physician State of New York 286 Fifth Avenue, New York, N. Y. Desk M-513

NEW ENGLAND NAMES ON CASUALTY LIST

The names of two Lowell boys are contained in today's casualty list. They are Private Palmer H. Boudreau of 406 Merrimack street, wounded, degree undetermined, and Private Edward L. Grogan of 28 Alston street, also wounded.

WHEN THE DAY IS OVER.

When the household cares and the worries of everyday life have dragged you down, made you unhappy, and there is nothing in life but headache, backache and worry, turn to the right prescription, one gotten up by Dr. Pierce fifty years ago, which has helped many thousands of women in this country, and called Dr. Pierce's Favorite Prescription. It can be had in every drug store in the land in tablet or liquid form.

Everything growing out of the ground seems intended for some use in establishing natural conditions. Dr. Pierce, of Buffalo, N. Y., long since found out what is naturally best for women's diseases. He learned it all through treating thousands of cases. The result of his studies was a medicine called Dr. Pierce's Favorite Prescription. This medicine is made of vegetable growths that nature surely intended for backache, headache, weakening, bearing-down pains, irregularities, pelvic inflammations, and for the many disorders common to women in all ages of life. Dr. Pierce's Favorite Prescription is made of lady's slipper root, black cohosh root, unicorn root, blue cohosh root and Oregon grape root. Women who take this standard remedy know that in Dr. Pierce's Favorite Prescription they are getting a safe woman's tonic so good that druggists everywhere sell it.

Favorite Prescription should have the full confidence of every woman in America because it contains no alcohol and no narcotic. Dr. Pierce knew, when he first made this standard medicine, that whiskey and morphine are injurious, and so he has always kept them out of his remedies. Send 10c to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial package of tablets. The system is something like a clock—it needs oil occasionally. Everyone should take castor oil, or something better, like Doctor Pierce's Pleasant Pellets, made of May-apple, jalap, aloë—sugar-coated. They regulate, cleanse and oil the human "clock work." Send Dr. Pierce 10c for trial package.

St. Cranston, R. I.

If You Have Dandruff You Have Seborrhea

There has never been a hair remedy even remotely resembling Famo.

Famo actually kills the bacilli that kill the hair.

Every ingredient in it is used by every reputable physician.

But none of these ingredients were ever before applied to saving the hair.

New Lustre—New Life

Science knows now that Seborrhea causes falling hair, and finally baldness.

Without massage or shampoo, Famo will cause the last sign of this deadly hair disease to disappear.

The hair will take on new life—and that new life will show in wondrous new lustre.

Dandruff is Seborrhea

If you have dandruff you have Seborrhea.

And as long as you have Seborrhea you are in danger of losing your hair.

Examine every inch of your scalp after a few days of Famo, and you will not find a single flake.

All itching will cease.

Don't Lose a Day

If Seborrhea gets into the sebaceous glands, you will lose most or all of your hair.

Not a day is to be lost in killing the dandruff bacilli with Famo.

Not until Famo has completely cleared your scalp are you safe.

Famo a Real Discovery

Seborrhea is a disease—as deadly to the roots of the hair as pyorrhea to the roots of the teeth.

The discovery of Famo deserves therefore, to be ranked as a real achievement.

Shampooing the scalp will not kill the bacilli—but Famo will.

Famo Kills the Germ

If your hair is falling out—then it is fighting for its life.

As fast as Seborrhea kills one hair, Nature struggles to supply another.

But the second will be a feeble growth, because the hair is poisoned at its source by Seborrhea.

Unless Famo kills the Seborrhea microbe—your hair is making a losing fight.

Each succeeding hair will be thinner and weaker—until Famo kills the bacilli.

Baldness keeps coming closer and closer.

But as long as there is life in the hair roots Famo will stimulate and encourage the growth of new hair.

It has increased the length of women's hair from four to six inches.

Three Years of Trial

The formula of Famo was worked out in one of Detroit's great pharmaceutical houses.

These wonderful laboratories manufacture medical supplies for the physicians and druggists of America.

Three years of constant research went on before Famo was even given a name.

But in that time it had proven that it stopped Seborrhea.

It had demonstrated its power before even a single bottle was sold.

No Alcohol in Famo

Now it is offered to a people peculiarly afflicted with a disease deadly to hair.

Everything in it is helpful to hair—helpful toward a healthy

scalp, beautiful, glossy, luxuriant hair.

It contains not a trace of harmful alcohol.

The dollar bottle is a quarter to a third larger.

Get Famo from your druggist and begin to use it regularly this very night.

At all toilet goods counters—\$1 and 35 cent sizes. Your money will be refunded if you are not satisfied.

Applications at the better barber shops.

Seborrhea is the medical name for a morbidly increased flow from the sebaceous glands of the scalp. The seborrhean excretion forms in scales or flakes and is commonly known as dandruff.

WAYS AND MEANS FOR CHECKING WASTE

Ways and means for checking the waste caused by improper wrapping and marking of express shipments were discussed yesterday at the second meeting of local express employees, in the better service campaign being conducted throughout the country by the American Railway Express company.

Agent C. F. Langley and members of the local better service campaign committee, composed of employees of the city offices, acted as "four minute" speakers, and addressed meetings of men and women employed in different branches of the business here. It was intimated that through the co-operation of local business houses, the drive for higher standards of preparing shipments for movement by express was making itself felt. The appearance of express matter being handled through the city terminals has greatly improved.

Particular emphasis during the meetings was laid upon the immense number of shipments which must be turned over to "No Mark Bureau" because all means of identification have been lost as the result of a single tag being torn off or the wrapping being insecure. This evil was attributed largely to the poor quality of paper and twine used by some shipping departments, as well as to carelessness in addressing packages.

It was pointed out that the "No Mark Bureau" of the company receive on the average of about 60 shipments monthly from this city. Despite constant effort to discover some means of setting these shipments on the right track, only a small percentage can be recovered. This brings about a great deal of dissatisfaction between the shipper and the consignee, to say nothing of the time and trouble involved in filling a claim. The expressmen at the meeting showed no little enthusiasm, when Agent Langley urged them to declare war on this waste.

Never before in the history of transportation, has there been such a determined effort on the part of a public utility to better its service. The drive is of marked importance to every business man, because the subject represents a matter of dollars and cents to them. He expressed a belief that if business heads would take a personal interest in their shipping departments to see that the best methods were being followed in the matter of packing and marking shipments, it would be of

great help in bringing about better express service. The co-operation of shippers is absolutely essential to the success of the present drive, he said.

MEETING OF THE EAGLES

Lowell Aerie of Eagles, No. 225, held its regular meeting last evening in its hall, Harrington building, Central street. Six propositions for membership were received, worthy President David J. Hackett presiding.

There was a great amount of routine business attended to which was of much interest to the Aerie, and it is expected to have about 1500 many results are looked forward to as at the banquet.

the plans materialize.

Lowell Aerie is about to erect a monument for its deceased brothers in St. Joseph's cemetery, making a total of three monuments in Lowell, one in St. Patrick's and one in the Aerie.

The Aerie voted to hold another ladies' night March 17th and in the future to hold ladies' nights twice a month.

It was also voted to hold a banquet in honor of the brother soldiers and sailors and also to celebrate the 17th anniversary of the organization April 27. It is expected to have about 1500

Remarks were made under the good of the order by Thomas Quinn, Peter F. Brady, William Donahue, F. W. P. John Calhoun and W. P. David J. Hackett.

BILLERICA SELECTMEN ORGANIZE
At a recent meeting of the board of selectmen for the town of Billerica, the board organized as follows: Thomas P. Sheridan, chairman; Thomas Talbot Clark, secretary. The other member of the board is Lawrence J. Greenwood. The board, in accordance with a vote taken at the recent town meeting, voted to purchase bronze medals for the soldiers and sailors of the town.

Healthy Mothers Healthy Babies

Every true mother realizes the fact that her baby's health depends upon her own, that the very vitality of her child is influenced by her own physical condition. How important it is, therefore, to guard against any derangement of the female organs, which induce general weakness, nervousness, constant fatigue and utter inability to properly care for her child. Please remember, that Lydia E. Pinkham's Vegetable Compound has brought health and strength to thousands of such mothers.

Mitchell, Ind. "Lydia E. Pinkham's Vegetable Compound helped me so much during the time I was looking forward to the coming of my little one that I am recommending it to other expectant mothers. Before taking it, some days I suffered with neuralgia so badly that I thought I could not live, but after taking three bottles of Lydia E. Pinkham's Vegetable Compound I was entirely relieved of neuralgia. I had gained in strength and was able to go around and do all my housework. My baby when I months old weighed 10 pounds and I feel better than I have for a long time. I never had any medicine do me so much good."—MRS. PEARL MONTGOMERY, Mitchell, Ind.

Good health during and after maternity is a most important factor to both mother and child, and many letters have been received by the Lydia E. Pinkham Medicine Co., Lynn, Mass., telling of health restored during this trying period by the use of Lydia E. Pinkham's Vegetable Compound.

Lydia E. Pinkham's Vegetable Compound

25 GREAT R.R. SYSTEMS

Willard Proposes Ultimate Consolidation of All Country's Railroads

WASHINGTON, Feb. 19.—Daniel Willard, president of the Baltimore & Ohio railroad, continuing testimony today before the senate interstate commerce committee, proposed ultimate consolidation of all the country's railroads into about 25 great systems along present lines, as an alternative to the plan of establishing regional systems on a geographical basis.

He submitted a map to show how competition would be preserved under his plan with the big roads absorbing the weaker ones. Under the proposed regional system, he said, competition would be eliminated in each region and service would suffer. Funds for purchasing the small roads should be provided, the committee was told, from excess earnings of the prosperous ones which otherwise would go to the government.

In this way, he said, the big roads would be induced to promote the plan and he predicted that within five years there would remain not more than 40 systems. At present there are 162 railroads earning more than \$1,000,000 a year.

They are pleasant to take and a certain relief. They act on the Stomach, Liver and Bowels and tend to correct intestinal disorders. 10,000 testimonials from mothers and friends of little ones telling of relief. No mother should be without a box of Mother Gray's Sweet Powders for use when needed. Ask to-day. The need of them often comes at inconvenient hours.

Used by Mothers for over thirty years.
Do Not Accept Any Substitute for MOTHER GRAY'S SWEET POWDERS.
Sold by Druggists everywhere. MOTHER GRAY CO., LE ROY, N. Y.

CONDITIONS IN GERMANY

Much Unemployment and Restless State Which Threatens Future Peace

PARIS, Feb. 19.—Captain Walter R. Gherardi, U.S.N., who has been in Germany for two weeks studying economic and general conditions, has returned to Paris and reports that he found much unemployment throughout the country and a restless, fluid condition that contains a threat against the peace of the immediate future. He says that Germany's food supplies are limited to nearly exhausted reserves, which cannot last longer than next month, leaving a great gap to be filled before harvest.

The German army, he says, has shrunk to insignificant figures and is no longer formidable. If the new armistice terms now being framed, involving disarmament of all but a sufficient number of soldiers to prevent internal disorders, are observed by the Germans, it is believed by most of the entente representatives here that France need have no further fear from that quarter and that there can be no reason for delaying the conclusion of a peace treaty.

AMUSEMENT NOTES

Below is what the press agents of the different theatres say of the current attractions and of others to come later.

H. P. KETTER'S THEATRE
Pat Rooney, sayer of comedians and one of the highest dancers to be found anywhere, will delight you at the H. P. Ketter theatre this week. Pat sings a while—and his songs are all new—and then he dances. He has some of his dad's songs, notably "The Daughter of Rosie O'Grady," which is as attractive as it was the day it was first sung. Pat Rooney adds a whole lot to any bill, and he will tickle the ribbles of any audience for full 20 minutes.

Next in importance is an act which George N. Brown presents, and which is called a demonstration of walking. It is that, but Pat Rooney manages to work his way in and Ralph Kinner, a blackface comedian of an earlier act, also does his bit. Master Billy Weston, Roy Scout walker, also appears. Brown and Weston do a half-mile in quick time, and Rooney and Kinner also have a little act-to. It's a rousing good act.

THE STRAND
"Stolen Orders," the big \$250,000 Dury Lane melodrama, produced by William A. Brady, which will be shown for the last time today at The Strand, is one of the most wonderful pictures of the screen in this country. It is an eight-reel affair and deals with a story of intense interest to all true Americans. Monday night Manager Seftman had to turn patrons away as early as 7:20 and sell-outs have been the order ever since. The cast engaged in the production includes some of the biggest stars in London. There is the Goldwyn feature, "Go West, Young Man," with Tom Moore as the hero. This, too, is a wonderful entertainment picture that is sure to be enjoyed by all. Alvin Calvert, the week's soloist, is winning new friends and admirers in his song numbers, and the comedy and weekly, as well as the Chester Outing are all good. Beginning tomorrow, and continuing throughout the remainder of the week, Gladys Brockwell in "The Call of the Soul," and Carlyle Blackwell in "Courage for Two," will be the features. A Tom Mix comedy will also be shown. This is something new. See it.

LOWELL OPERA HOUSE
"The Wife He Bought," a wonderfully good once drama, which is the presentation for the week by the Emerson All Star Players at the Lowell Opera House, offers better opportunity for emotional and high dramatic art on the part of the engaging cast, than any offering heretofore given. Julian Noy and Miss Anne Schlabach, who appear in the principal roles, are especially good in their respective parts. Both reflect exceptional talent and their efforts richly earn the greatest commendation that is being given them by the patrons. See them, for they are appearing in their strongest characterizations. The support company is excellent and the staging most commendable. Sell-out audiences should be the order of things during the remaining performances.

EX-KAISER TO BLAME

German Peasants' Union Says He Delayed Too Long the Drawing of the Sword

BESLE, Feb. 19.—At a general meeting of the German Peasants' union held at Berlin on Tuesday, the president of the organization declared in an address that the former emperor was to be blamed for having delayed too long the drawing of the sword and that his weakness caused the rise of socialism, according to a Berlin despatch received here. He said that British money had fostered dissatisfaction in the navy and had led to the military collapse last November.

All the speakers, it is said, asserted that the Peasants' union would be loyal to the monarchist movement.

TO HARVEST ICE

Returned Soldiers To Work on Kennebec River

GARDNER, Me., Feb. 19.—The work of harvesting ice on the Kennebec river to fill the seven houses between the town and Gardinerham to their capacity of over 200,000 tons will begin tomorrow. Probably 1000 men, including many returned soldiers, and 200 horses will be employed in the operations. The ice is in excellent condition, averaging 12 inches in thickness.

NURSES HEAR INTERESTING TALK ON NURSING ORGANIZATION IN THE UNITED STATES

More than 70 Lowell nurses met at the Lowell General hospital last evening to listen to a talk on "The Nursing Organization in the United States," given by Miss Ada Eldridge of Rochester, N. Y. Miss Linda Richards, the first graduate nurse from a United States hospital, now living in this city, also spoke. Miss Eldridge is international secretary of the American Nurses' association, the National League of Nursing Education and of the American Journal of Nursing. Dr. G. Forrest Martin, as the presiding officer of the evening, introduced Miss Richards, who spoke interestingly for more than an hour.

WILFRID LORD ARRESTED

Alleged Wife Murderer Said He Was Willing To Return to Nashua

NEWARK, N. J., Feb. 19.—Wanted in Nashua, N. H., on a charge of murdering his wife, Wilfred Lord, 24, electrician, was arrested in a poolroom here yesterday by Detective D. J. Hallssey of Nashua, who came here Saturday on the tip of the Newark police that Lord was in town. Lord showed no surprise when Hallssey walked up to him. "Hello, Hallssey," he said. "I want you, Bill," the detective replied. "You know what for?" "Yes, I know," Lord was said to have replied, extending his wrists for the handcuffs.

Gas in the Stomach Is Dangerous

Recommends Daily Use of Magnesia To Overcome Trouble Caused by Fermenting Food and Acid Indigestion

Gas and wind in the stomach accompanied by that full, bloated feeling after eating are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so-called "acid indigestion." Acid stomachs are dangerous because too much acid irritates the delicate lining of the stomach, often leading to gastritis accompanied by serious stomach ulcers. Food ferments and sours, creating the distressing gas which distends the stomach and hampers the normal functions of the vital internal organs, often affecting the heart.

It is the worst of folly to neglect such a serious condition or to treat with ordinary digestive aids which have no neutralizing effect on the stomach acids. Instead get from any druggist a few ounces of Bismarck Magnesia and take a teaspoonful in a quarter glass of water right after eating. This will drive the gas, wind and bloated right out of the body, sweeten the stomach, neutralize the excess acid and prevent its formation and there is no sourness or pain. Bismarck Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and the best form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion. For sale at Druggists, Baker-Johnson Drug Stores and other leading druggists.—Adv.

First Class SHOEMAKER WANTED

At once, Apply 27 Middle St. or 22 Appleton St.

NOTICE

TO OUR FRIENDS AND CUSTOMERS:— In January, 1918, our advertisement read as follows: "Firm of Roy & O'Heir going out of business. Stock and fixtures for sale."

A new firm was to take over our holdings on July 1st, 1918, but the bank came in possession of the building Oct. 1, 1918. A demand was made on what consideration our lease could be bought. From the first demand of the bank up to date, Feb. 13, 1919, after many meetings with their building committee, we have been unable to arrive at satisfactory cash terms. We shall remain in business at 88 Prescott Street until Oct. 1, 1919. We will sell you the very best clothing: The Griffin brand—the H. S. S. brand, and the K. B. clothes, at the smallest margin possible. All Winter clothing must be sold now, as we will be out of business at 88 Prescott Street before another Winter season. Come in; we will try and meet your price. Come in, and we will do the rest.

All Smoking Tobaccos are Flavored

"Your Nose Knows"

The Encyclopaedia Britannica says about the manufacture of smoking tobacco, "... on the Continent and in America certain 'sauces' are employed ... the use of the 'sauces' is to improve the flavour and burning qualities of the leaves." Your smoke-enjoyment depends as much upon the Quality and kind of flavoring used as upon the Quality and aging of the tobacco. Tuxedo tobacco uses the purest, most wholesome and delicious of all flavorings—chocolate! That flavoring, added to the finest of carefully aged and blended burley tobacco, produces Tuxedo—the perfect tobacco—"Your Nose Knows"

GUARANTEED TO SATISFY OR YOUR MONEY BACK

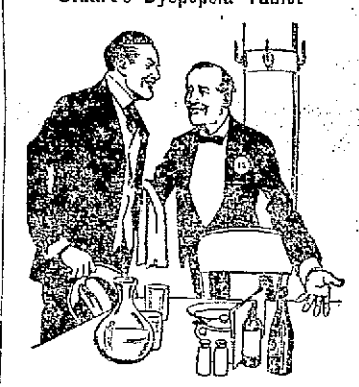

Try This Test: Rub a little Tuxedo briskly in the palm of your hand to bring out its full aroma. Then smell it deep—its delicious, pure fragrance will convince you. Try this test with any other tobacco and we will let Tuxedo stand or fall on your judgment—"Your Nose Knows."

Tuxedo
The Perfect Tobacco for Pipe and Cigarette

Guaranteed by The American Tobacco Co. INCORPORATED

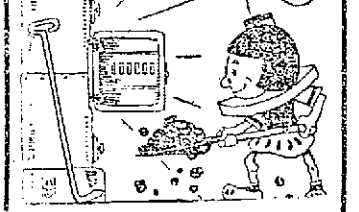

THE WELCOME GUEST HAS A GOOD STOMACH

Not What You Eat But What You Digest Tells the Story—Eat Anything if You Follow With a Stuart's Dyspepsia Tablet

The Man or Woman Who Can Eat Heartily and Not Feel Awful Is the Welcome Guest Anywhere. Many people just hate to eat in company. They prefer to crawl into some by-place for a dyspeptic's plate of molly coddle. Business men often resort to this form of weakness under the belief that they can work better. But it isn't what you eat but what you digest that counts. Some stomachs can't digest even a glass of milk. So they simply keep on feeding dyspepsia and get gas, water brash, sour eructs and so on, that the better informed and hearty eaters entirely avoid. This they do by using Stuart's Dyspepsia Tablets.

Many physicians prescribe them for indigestion, dyspepsia and other digestive disorders. They are sold at every drug store, everywhere, price 50 cents a box. Ask your druggist more about them.—Adv.

THE TIME TO READ

If you had to ask a favor of a man would you want to approach him while he is in the rush of business or while he is sitting at leisure and in the best frame of mind? "While he is at leisure, of course," you answer.

It is the same proposition in regard to your ad. In the Sun, readers are sitting down comfortably when they read the evening paper, which is the Lowell Sun. We bring your ad to them when they are in a mood to enjoy reading all there is in the paper including your ad, and many others.

Success in business depends on getting the maximum of benefit out of the money you spend for advertising. The better the ad, the more business. The better the circulation medium of the ad, the better the business. Get your ad to Lowell buyers when they are in the best frame of mind to read it. To do it you will have to see that your ad is in

THE SUN
Lowell's Greatest Newspaper

SIR WILFRID'S DEATH

The death of Sir Wilfrid Laurier is a loss to be mourned not only by the Canada which he loved, but by the entire British empire, one of whose greatest statesmen history will acknowledge he was.

Sir Wilfrid was of French ancestry and a Catholic, yet he was first of all a Canadian, and he was proud to say he was first of all a Canadian.

Any nation, and conspicuously the United States as a nation, should desire to have the great men of neighboring nations as its friends. Sir Wilfrid Laurier was our great friend in the great and powerful country to the north. This was instanced by his advocacy of the reciprocity treaty in 1911. Reciprocity as an ideal was not popular in Canada, but Laurier, rather more far-seeing than his peers of that time, did not hesitate to stand as an exponent and pleader for reciprocity between the two countries.

If he had been living in Great Britain he was not the type of man Kipling would have ridiculed and assailed as an "islander" for Sir Wilfrid was broader than to believe that Canada was for Canadians alone and that Canada's interest must be confined to internal interests alone. His enemies, if they are uncharitable enough to speak ill of the dead, will point out that he opposed conscription and that the French population of Quebec was inspired by Laurier's example to be hostile to conscription.

Not the issue of anti conscription in eastern Canada never became a very alarming one and thousands of brave and valiant French Canadian soldiers were willing and glad to defend the maple leaf on the field of honor. History will faithfully record the fact, in regard to Laurier, that it was under his auspices as premier of Canada, that the Dominion sent troops to prevent the secession of the Boers from the British empire in South Africa.

Few men in one generation are born who achieve the greatness and nobility of character of Laurier. He is thought of as one of the world's great men. Coming closest home to us is the fact that his passing is a matter of sorrow and grief to the United States, for he was one of our great and dependable friends in Canada, whose regard for us was a proven and reliable element.

PRESIDENT WILSON

Samuel Rhyne of the Saturday Evening Post says the United States is overwhelmingly behind President Wilson and the masses endorse his international program.

Now what is the chief feature of his international program?

It is to prevent on all the time the weight of arms rather than neighbor nations or groups of nations, and to prevent it by a scientific and collectively organized league of nations.

No nation ever in modern years was so democratic as that nation which will have achieved that brilliant place in world history which will definitely crown Woodrow Wilson, if the scheme he promulgated. It will be humanity's crown conferred upon a man who has made the world's history and the world's peace.

When the New York World, in speaking of Sir Wilfrid Laurier, alluded to Canada as "the sister republic," was it an editorial writer's fancy or did he write it that way to see what would happen? Canada has a government that provides as much freedom for her citizens as though it were a republic, but as a dominion she belongs to the British empire, a close army and navy swear to protect her. Our Lady of the Snows, however, paying in full and promptly for all protection given her.

AUDITORIUM HEARING

Next Monday is the date set as the time when the legislative committee on municipal finance will review the petition of Lowell's mayor and citizens that the city be permitted to borrow a maximum of \$1,000,000 to build a municipal auditorium in memory of the city's land and sea fighters in the great war.

The subject of the petition is one connected simultaneously with the commendable idea of honoring thousands of courageous young men who cast in their all as members of the national army, and with the idea of Lowell's progress as a city.

Next Monday, at the time scheduled for the hearing on the petition at the State House, there should be the strongest kind of representation from this city to place before this committee every bit of available information on the subject. The Lowell men most capable of presenting convincing and forceful arguments to this committee in favor of the petition, should place their services at the disposal of Mayor Thompson.

It should not be forgotten that it is this legislative committee in whose jurisdiction this auditorium matter comes. If this committee should withhold its permission that the city be allowed to borrow money to build an auditorium, progress would have come to an end.

Next Monday should be a time when Lowell should show that its civic laurels do not rest alone on its fame as the leading textile city in America. Next Monday ought to be a time when the spirit of this community will speak loudly, albeit respectfully, to this committee, that there is a sincere desire among us to fittingly honor the men who did our fighting. Next Monday must be a time when this legislative committee can learn we are a virile people, "not afraid to build temples," and fully confident we can pay for our.

WHAT IS LIQUOR?

If any legal point can be raised against the validity of the prohibition amendment, it will certainly be created by the opposition. Various propositions have been made on which they hope to defeat the amendment on the question of constitutionality. If that should fail them questions will be raised as to what constitutes "intoxicating liquors" and on this point the states may have widely divergent views. The 18th amendment to the constitution as adopted provides that:

"After one year from the ratification of this article the manufacture, sale or transportation of intoxicating liquors within the jurisdiction thereof into or the exportation thereof from the United States and all territory subject to the jurisdiction thereof for beverage purposes is hereby prohibited."

The purpose people go to the Standard dictionary for a definition of "liquor" and think that they have found a point in their favor when that authority defines liquor as "any alcoholic or intoxicating liquid specifically one of spiritous character as distinguished from beer, wine, etc."

This is but another of the objections which are likely to be brought to the attention of the supreme court. But the anti-saloon people have no fear that such objections will be sustained. The question, however, is likely to be watched with interest as it is sure to be fought to a finish before the highest court in the land.

Not the least of the reasons we are grateful to George Washington is that he was so great that, in times honoring his services carried with it the honor of a holiday for tiredworking folk.

LABORING MAN'S FIGHT

Local Machinists Hear Spirited Address by Frank Morris of Boston

The first in a series of open meetings under the auspices of the Machinists' union of this city for the reconstruction program was held last evening in Merrimack hall and was largely attended. The speaker was Frank Morris of Boston, agent for District 28, I.A. of M. The meeting was presided over by President John J. Carroll.

Mr. Morris' address was in part as follows:

"We, as laboring men have a big fight before us and how are we to win it? I do not mean the fight that you wage with guns and bayonets but the fight as an organized body of workers to keep to our present standards. The International Association of Machinists entered into an agreement with the United States government that we would help see the war to a success. We helped prevent strikes and other labor troubles and we did so that our present wage scale would not be lowered after the war."

"We are now told by the employer that we must accept a decrease in wages if we are to have steady work. I say that if we stand up and make a determined fight that will not be the case."

"In Russia there was a movement among unorganized workers to rise against the individual employer and we see what result it brought. They call it Bolshevism but it really means nothing but the majority. In this country we have no occasion for such a movement, for most workers are organized properly. But there is some trouble for the employer that sits back and will not deal with the men collectively. If he feels that he is direct master then we can't tell what might happen among the unorganized ranks."

"There is one remedy for unemployment at the present time. And that is to have a shorter work week. For if we have a shorter week we can give employment to the idle men in order to complete the present production of work. We must keep the employer from throwing men into the labor market and keeping our ranks divided."

"The returned soldiers around Boston find this situation among the employers. They are told 'You can have your old job back at the same wages as you had when you enlisted.'"

"We have heard a great deal about democracy, which word has now taken on a new meaning for us. Germany established a republic while we have a situation like this. Alien agitators are being deported from here, many of them to England and England is going to deport her own agitators likewise. It is simply the old story of reciprocity over and over again. That method will not solve the problems. Another will guns and bayonets or false statements. It can only be solved by a thorough organization where there will be no secret diplomacy by either the employer or the worker. During the war the word democracy took on an entirely new meaning never used before. The workers look for the industrial democracy where it is a question of hours and wages. It makes no difference to us who is president, governor, or mayor, no difference whether he be a democrat, a republican or a socialist. Only that the worker be governed from the shop he works at."

CHILDREN HATE PILLS, CALOMEL AND CASTOR OIL

If Cross, Feverish, Constipated, Give "California Syrup of Figs"

Look back at your childhood days. Remember the "dose" mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well-founded. Their tender little "insides" are injured by them.

Your child's stomach, liver and bowels need cleansing give only delicious "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow.

Ask your druggist for a bottle of California Syrup of Figs, which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Beware of counterfeits sold here. See that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.

FIRST AID

Your household equipment is not complete without proper supplies for minor accidents.

We suggest sterile bandages of which we have a variety of widths in sealed wrappers, cotton, surgeon's plaster, absorbent gauze, creolin, boric acid, carbolated vaseline and peroxide of hydrogen.

Our stock of these and sick room supplies generally is large, varied and of highest quality.

HOWARD The Druggist, 197 Central St.

We close today at 12:30 p. m. open all day Thursday.

CHILDREN

Should not be "dosed" for colds—apply the "outside" treatment—

Banish Pain

THERE is no use talking—no one can work or play when they are not feeling well and strong. Life, without health and strength, is a mere painful, pleasureless existence.

One of the most important conditions of good health is to keep the kidneys normal and active. When weak or deranged, they do not filter out of the blood the impurities that should be eliminated from the system. When these impurities remain, the blood stream is poisoned and pain and suffering result.

Doyle Kidney Pills

aid and assist Nature. They strengthen and invigorate weak or diseased kidneys and help them keep the blood stream pure and clean, banishing headache, rheumatism, pain, ed or swollen bladder, nerve muscles, and other symptoms of kidney trouble.

W. R. Fox, 195 W. Washington St., Noblesville, Ind., writes: "After suffering many months with kidney trouble, and after having tried other remedies for the same, I purchased a bottle of Doyle Kidney Pills and took them. They not only did me more good than any other kidney remedy I ever have used, but they positively set my kidneys right. Other members of my family have used them with similar results."

POLICE CHIEF WELCH ADVISES WOMEN NOT TO CARRY HANDGUNS

That a wave of crime is spreading all over the United States is the opinion of Supt. Redmond Welch of the local police department. Many holdups are taking place, banks and postoffices are being entered, paymasters and others known to be carrying sums of money are being held up and robbed in broad daylight. Men and women are stopped on dark streets and relieved of their valuables and money, right here in Lowell.

There should be immediate action taken in regard to the jobless people, he thinks. Work should be made for everybody. Now is the time for all government, state or municipal building to go on; all public work should be put in operation. A nation-wide movement should be made to start all government, state and municipal construction now. There is nothing in the world will drive a man to desperation and crime more than being out of a job

GROCERY STORES AND BUTCHERS SHOPS WILL CLOSE ON WASHINGTON'S BIRTHDAY

The grocery stores and butcher shops of the city will be closed all day Saturday, Washington's birthday, according to a decision reached at a meeting of the Grocers' and Butchers' association at the board of trade rooms yesterday.

Every Woman Needs a Tonic at Times

The majority of female disorders come from that curse of womankind, irregularity of the digestive organs which causes constipation. Many symptoms peculiar to women, such as languor, fainting spells, backache, headache and numerous other afflictions are due to impurities in the blood, brought on by this same trouble.

BEECHAM'S PILLS

are everywoman's friend and a wonderful source of help to those in need. This gentle, wholesome laxative and correctivestimulates the action of the sluggish liver, bowels and kidneys, bringing regularity, health and comfort. The jaded nerves are refreshed and the whole system is nourished and rejuvenated by this wonderful household remedy. Purchase a box of Beecham's Pills today and

WOULD USE FORCE IN RUSSIA

Plan To Raise Volunteer Army For Russian Campaign Is Advanced

Other Plans To Solve Problem Laid Before the Supreme Council

PARIS, Feb. 19.—Several plans for a solution of the Russian problem have been laid before the supreme council. One involves the use of force. It is based on the idea that the reluctance of the entente powers and the United States to defy socialist opposition to the use of their armies against what some of them regard as only a "workmen's government" can be met by recourse to a volunteer army. It is held that no difficulty would be encountered in raising almost any desired number of soldiers for a Russian campaign from the millions of men now being discharged from the armies of the entente and America.

There is some doubt in the minds of several members of the council, however, whether their governments would escape socialist wrath by even this direct method of combating Bolshevism.

Present indications are that this plan will not be approved and that the supreme council will fall back into a waiting attitude, although it may be found possible to do something in a peaceful but effective way to weaken the Soviets through economic restriction.

The reparations commission of the peace conference is speeding up its work so as to be ready to submit estimates of the damages Germany must pay when a treaty is concluded. It is believed that this cannot be long after President Wilson's return to France.

USE AMERICAN ELECTION METHODS IN POLAND

WASHINGTON, Feb. 19.—American election methods and machinery were used in the recent national elections in Poland, the Polish bureau here was advised today, in despatches from Warsaw.

Many of the methods used were at the suggestion of Premier Paderewski. He and his wife were not permitted to vote through lack of sufficient residence in the country.

All bars where intoxicating liquors were sold were closed on election day.

KILLED IN SIBERIA

OTTAWA, Ont., Feb. 19.—K. Hackett of Calais, Me., who was attached to the Canadian Siberian forces, has been killed accidentally, according to today's casualty list.

Omega Oil for Swellings & Inflammation

Rub Omega Oil gently over the place that hurts. Then soak a piece of flannel with the oil, lay it on the painful part and cover with dry flannel. This simple treatment usually gives quick relief.

Farmers' Institute

Continued

son, chairman of the institute committee, called the meeting to order, and introduced as the speaker of the session Dr. George M. Twitchell of Auburn, Me. Dr. Twitchell spoke on the topic, "Economic, Industrial and Social Conditions Affecting the Farmer and Farm Life."

He said that the farmer today faces two vital questions—a tremendous lack of suitable man power, and an almost prohibitive wage schedule. "The responsiveness of our soil has not been challenged as it must be during this period of reconstruction," said Dr. Twitchell. "With the cessation of hostilities and a promise of peace, the claims of the reconstruction period demand attention," he continued. "It is here that a nation meets its supreme test. Because of war the policy of the government has changed from an extreme individualistic to a supreme socialistic. That this is claimed to be temporary in no way changes the relations affecting all classes. In any attempt to return to former conditions we shall meet the test which will determine what the future is to be. The passage from simple democracy in government control to the most absolute autocracy the world has ever known, has brought into activity factors not easily thrown off when attempt is made to again place this government where its founders established it—for, of and by the people."

Dinner was served in the church vestry at 12.15 o'clock, followed by songs by Mrs. Winifred Plagg Symonds of Tyngsboro, and after-dinner remarks by Robert P. Marden and James P. Ramsay.

The speaker at the afternoon session was Dr. Eleanor Mellen, who spoke on "Health Helps."

Clemenceau Shot

Continued

Heard it was the American firing in the air, "as they are in the habit of doing," he said. He rushed out of his shop when he saw what was happening, however, crying: "They have assassinated Clemenceau!" He closed with the assassin and the man threw away his revolver and held up his hands.

Assassin Attacked By Crowd

Witnesses from a nearby restaurant joined in holding the assassin, whom the police had some difficulty in getting from them, and before the police secured the assassin he was beaten by the crowd.

"Tiger" Laughs at Attack

When the first shot was fired, Premier Clemenceau immediately tried to open the door of his car. It was while he was attempting to do this that he was struck. He was able to go on foot into his own home, where shortly before noon, he was sitting up in an armchair smoking and laughing with his staff of assistants.

The only sign of trouble from the wounds, it was stated, was a slightly increased temperature.

Georges Clemenceau has been one of the leading statesmen of France for decades, but it was not until the critical stages of the great war came and he took the reins and guided the country through to the end of the struggle, that he became the world-renowned figure that he is today.

With the war, or at least the actual fighting ended, he has continued at the head of the French government during the trying peace-making period. Head of the French delegation in the peace conference, he has been an outstanding figure in the deliberations of that body, ever whose sessions he presides.

Of an extremely vigorous and aggressive personality, Premier Clemenceau, while attracting to himself a large and warmly loyal following, has had determined and outspoken opponents. At every turn of affairs in the parliament, however, he had been able to wear down the opposition, and just before the opening of the peace conference he and his administration were given a striking vote of confidence by the chamber of deputies.

While formerly classified as a radical, he has come to be known in later years as a representative of the more moderate elements in the French body politic. The more extreme elements have accused him of giving his policies too much of an imperialistic trend.

He was credited at first with opposition to the plan for the league of nations in its broader phases, expressing preference for a balance of power secured by France, Great Britain, the United States and Italy. This representation, however, has been freely in the work of framing the covenant of the league and, with some reservations, expressed approval of it as it was laid before the peace conference.

Despite his advanced years—he is 76

years of age—M. Clemenceau has continued in recent months to justify the sobriquet of "The Tiger," which long has been applied to him, going through the trying work of the peace conference with its many long consultations without often showing signs of fatigue.

PREMIER WAS ON WAY TO MEET HOUSE AND HALF-FOUR FOR IMPORTANT SESSION

PARIS, Feb. 19.—The American delegates to the peace conference began today to consider the effect of the attack on Premier Clemenceau upon their own plans in connection with the conference. On the assumption that the official reports minimizing the nature of his injuries were correct, the belief was expressed that there would be no great delay in the execution of plans laid out for the conference.

Premier Clemenceau, when he was shot, was on his way to a conference with Col. House and Arthur J. Balfour, the British foreign secretary. The conference had been fixed for 10 o'clock at the war office. An important question was to have been taken up concerning more rapid procedure before the supreme council.

The news of the attempted assassination reached Col. House by telephone from the foreign office just as he was starting from the Hotel de Crillon with Secretary Balfour. The two men at once began to consider what steps should be taken regarding the general situation created by the event.

Owing to the fact that M. Clemenceau had in hand personally certain subjects now under negotiation, it follows that so far as these are concerned, there must be a suspension of activity for the time being. These subjects were of vast importance as affecting the whole plan of the conference's operation, inasmuch as they related to the consummation of an early treaty of peace.

"TIGER'S" GREAT PHYSICAL POWER ENABLES HIM TO WARD OFF SERIOUS RESULTS

LONDON, Feb. 19.—An official despatch received says that the doctors after an examination of Premier Clemenceau, announced that owing to his great physical powers, he would be able to ward off serious results.

The physicians, according to an Exchange Telegraph despatch from Paris, said that the bullet entered the premier's left shoulder and was located in the region of his right shoulder, but not removed. Although he coughed a great deal there was no evidence of blood from the respiratory tract.

CENTENARY OF BIRTH OF LOWELL

NEW YORK, Feb. 19.—The four-day celebration of the centenary of the birth of James Russell Lowell, to be held under the auspices of the American Academy of Arts and Letters, will begin tonight with a reception at the home of President Nicholas Murray Butler of Columbia university. Many of the most distinguished literary men in America and England will take part in the observance.

John Galsworthy, the English novelist, who recently arrived in this country, will be one of the speakers at a dinner tomorrow night, at which Ellen Root will preside. Alfred Noyes, the English poet will read an original poem at a meeting on Saturday.

MOST ANY HOME THESE DAYS

SOLDIERS ENTERTAINED AT CAMP DEVENS

One of the most successful entertainments of the year, from the point of view of over 1000 convalescent doughboys recently returned from fighting the Hun, was given at the K. of C. building at Camp Devens last evening by a group of 60 local entertainers who made the trip to the cantonment under the direction of Secretary Laurence Sampson of the Lowell K. of C. war activities division.

"Larry" began planning for the affair early last week but when Saturday came he found himself with but a bare handful of entertainers. So he promptly decided that something must be done and done soon, and hid himself to the Sun office. "I think if you will just tell the people of Lowell that we are badly in need of entertainers to give a show to the boys who have just come back from overseas that I shall be able to carry the affair through successfully," said Larry.

And last evening he selected 60 performers from the over 100 who presented themselves at the K. of C. rooms and ordered full speed ahead for the camp.

The party embarked in a large motor truck which had been volunteered for the occasion by Mr. Seymour Co. of the New England Auto Express Co. and although bad road conditions caused some delay they found upon arriving that the "boys" were waiting for them expectantly.

Among those who went over the top with a bang in the entertainment program should first be mentioned the Little DeWire sisters, Mary and Doris. Scotch dancing in their specialty and they would be still tripping to the music from the land of the heather if the doughboys could have had their way. Madeline Holland gave several vocal selections which were enjoyed in the limit, and Mrs. Mae Dillon Doherty came in for a generous share of applause with two pleasing selections. Miss Cunningham gave a Spanish dance and Miss Perna a sailor's hornpipe, both meeting with the unstinted approval of their audience. Among the other local artists who literally brought down the house were Charles O'Donnell, violin selections, accompanied by Marie O'Donnell at the piano; Miss Richards in songs and Miss Bradley in novelty songs of today.

ENFORCING PROHIBITION

Michigan Police Along Border To Run Down Whiskey Smugglers

MONROE, Mich., Feb. 19.—The Michigan state constabulary, posted along the Ohio-Michigan border to run down whiskey smugglers, has constituted itself a traffic squad and confined its activities to regulating the movement of hundreds of automobiles down the Dixie highway, bound for Toledo and other "wet" Ohio cities.

On receipt of news from Lansing that the supreme court had declared the ban and seizure law invalid, state and county officers ceased making arrests of prohibition law violators, and the county prosecutor announced no more warrants would be issued.

Pending complete advice as to the court's finding, Judge Root said that there probably could be no prosecutions for bringing liquor into the state unless it could be proven that it was brought for the purpose of sale. Because of several hundred persons already convicted of violation of the Prohibition law is probable as a result of the decision.

FIRE AT PORT ARTHUR

300,000 Bushels of Grain Saved—Flames Leap Hundreds of Feet

PORT ARTHUR, Ont., Feb. 19.—Three hundred thousand bushels of grain stored at the Canadian national elevators here were saved from destruction today after being endangered by fire which wrecked a warehouse near one of the elevators. Five communicating bridges dropped when the warehouse collapsed but fell clear of the elevator containing the grain and the elevator was not ignited.

The flames had leaped hundreds of feet into the air and firemen had expected the falling bridges would doom the elevator and its grain.

NEWS OF THE DAY IN THE POLICE COURT

John Dineen, Cyril Davis and William J. Cahill were called before Judge Enright on continuance in police court this morning on a complaint charging them with fraudulently securing \$108 from the Middlesex Trust Co. John Roddy, the fourth young man to be arrested in connection with the alleged larceny, was also charged with the same offense. Through their counsel Davis and Roddy entered pleas of guilty, while the other boys entered pleas of not guilty. The government not being ready to try the cases, a continuance was granted until tomorrow. Dineen and Davis were ordered held in the sum of \$5000 on charges of being fugitives from justice, and in the cases of Roddy and Cahill bail was set at \$500.

As a result of the activities of the vice squad last evening Frank Sampson of Lawrence was charged today with felonious assault on Ruth Lorne, aged 17, also of the down river city. A plea of not guilty was entered and the case continued until Feb. 25, bail being set at \$2000. The couple, so it is alleged, were taken from a room in a boarding house in this city shortly before midnight.

"On the boarding boys will not meet" said Peter Libera triumphantly after Judge Enright had ordered him to go home to his family while his case was being investigated. Peter was charged with assault and battery on his wife, and also with non-support. The case was ordered continued for one week.

MERRIMACK SQUARE

TO GREET WILSON BY WIRELESS TELEPHONE

BOSTON, Feb. 19.—Plans for greeting President Wilson by wireless telephone, as he approaches this port on the steamer George Washington for the visit he will make here next week, were advanced today by army officials. Co-operating with a radio research laboratory Major Foster Veltenshelmer, chief signal officer of the northeastern department, arranged the apparatus which will be placed at the disposal of Major Andrew J. Peters to extend the city's welcome.

The distance at which this greeting can be given is uncertain, depending largely upon atmospheric conditions, it is said, but it may be possible to reach the George Washington when she is from 250 to 750 miles off shore.

Whether the president can return the greeting was a question unsettled today, because of lack of definite information regarding the equipment of his steamer. A radio telephone set can be used to receive a telephone conversation and a low-range radio telephone set probably will pick up the voice within 700 miles under good conditions, according to Major Veltenshelmer, but a high powered telephone transmitting apparatus is necessary to initiate a conversation and he said there was no definite information available as to the nature of the George Washington's apparatus.

Major Veltenshelmer said that it was expected that the George Washington would be within call of radio telegraph stations tonight or tomorrow, and arrangements for the telephone conversation would be completed by wireless telegraph as soon as communication was established.

TO RELIEVE CATARRHAL DEAFNESS AND HEAD NOISES

If you have Catarrhal Deafness or are hard of hearing or have head noises go to your druggist and get 1 ounce of Earsol (iodine strength), and add to it 1 pint of hot water and a little granulated sugar. Take one tablespoonful four times a day.

This will often bring quick relief from the distressing head noises and the nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who has Catarrhal Deafness or head noises should give this prescription a trial.—Adv.

Rodolphe E. Lonselme, son of Mr. and Mrs. Wilfred Lonselme of 50 Woodcock street, who recently enlisted in the United States navy as an apprentice seaman, has been stationed at Newport, R. I.

Have you lost a bunch of keys? If so, call at the police station. You may find your property there. One of the desks in the office of Deputy Supt. Downey is literally covered with keys of all descriptions, that are brought to the station by patrolmen. These keys have been accumulating for months and it may be that some of them are very valuable. Now if you have lost keys, call at the office of the deputy superintendent of police and identify your property.

LOOKOUT FOR BOGUS CHECK WORKER

Furniture, piano and talking machine dealers of this city are warned to be on the lookout for a slick check worker, who has operated in the middle west and is now touring the New England states. It seems that this party works his game by going into a store, purchasing certain articles and paying with a bogus check, which in every instance is for an amount larger than the price of the purchase, and in this manner he gets away with whatever change is given him by the merchant.

Supt. Welch of the police department received a letter from the Bridgeport, Conn. police to the effect that the bogus check worker has worked in that city and that he is much wanted by the Bridgeport police. The check worker travels under many names, to wit: F. W. Kittle alias E. Taylor alias George H. Thompson. He is 26 years old, 5 feet and 6 inches in height, weighs 127 pounds, has dark chestnut hair, blue eyes and fine teeth. His hobby is purchasing pianos, furniture and talking machines.

Bitter Attack

ceived in the world," he said. "Instead of being an instrument of peace, it is the fertile seed of war—the dragon's teeth from which, when sown, armed soldiers will spring."

Through participation in the drafting of the league's constitution, he declared, the United States had been led to a point where we are now facing an abyss. If the senate should ratify the proposed constitution and sanction the entrance of the United States into a league of nations, without submission of the question, "to the American people in a political campaign where it shall have been made the issue, and upon which they will have an opportunity to render judgment in an election," he declared, "then self-government in America will have disappeared."

"In adopting or rejecting this constitution," he continued, "and thereby becoming or not becoming a member of the league established under it, the government and the people of the United States will determine whether they are to remain the great sovereign."

dict with the constitution of the United States.

"Violates Constitution"

The power of congress to declare war, he said, would be taken away, in violation of the constitution and vested in a tribunal "the great overwhelming majority of which is composed of aliens to our interests and institutions." The league promises little guarantee for future peace, he asserted, when those who drafted its constitution have "not been able to restore present peace or set up orderly government in central Europe and Russia."

Under provisions of the constitution providing for mandates for colonial territories, Senator Pinckney said the United States would be required to "undertake, practically unreluctant and unsought, to extend our responsibilities and cares to the uttermost parts of the earth."

government in Asia, Africa and Europe. American policies which have been the prize jewels in the American diadem of state." Declaring that the emergency of the part which necessitated assertions of the principles of the Monroe Doctrine might arise in the future, he said he hoped the American people had not reached the point where they were willing that "the high ideals of these traditional doctrines would be left to the administration of an alien tribunal established under the league of nations."

JOELEY—The funeral of Mrs. Caroline Joeley took place from her home at 1001 E. Tenth St. yesterday. A funeral mass was celebrated at St. Catherine's church by the rector, Rev. Charles P. Hennehy. The choir, under the direction of organist, Miss Mary T. Hanley, sang Gregorian chant. Burial took place at St. Catherine's cemetery. The bearers were: John Adams, John J. O'Neil, William Kelly, William C. Magah and Thomas Gallagher. There were many beautiful flowers. The funeral was held under the direction of Undertaker J. A. Healy Son.

WEICH—The funeral of Frederick L. Weich took place this morning from his late home, 27 Madison street at 8:45 o'clock and was largely attended. The service was held at St. Peter's church where a high mass requiem was celebrated at 9 o'clock. Rev. Peter Linahan. The choir sang the requiem mass, Miss Mary Ryan and Mr. James E. Donnelly accompanied the solos. Miss Gertrude Quisenberry presided at the organ. There were many floral tributes and spiritual benedictions. An address was given by the following delegation: Rev. Lowell Apple No. 222, P.O.B., Trust Timothy E. Barry, Thomas Labadie, Thomas G. Garfield, John F. Ryan. The bearers were: Daniel Joseph, Richard and Daniel Foley, John Robinson and James J. Foley. Internment was in St. Patrick's cemetery. Rev. Peter Linahan read the committal prayers. Undertaker Peter H. Savin in charge of funeral arrangements.

TOBIN—The funeral of Mrs. Delia Tobin took place today at 2 o'clock from the home of her sister, Mrs. A. C. Smith, 1419 E. Lawrence street. It was largely attended by sorrowing relatives and friends. The funeral mass proceeded to St. Patrick's church where a high mass was celebrated. The requiem was sung by Rev. J. J. Heherman. The choir sang the Gregorian chant, the solo being given by Miss Mary Ryan and J. Donnelly. Miss Gertrude Quisenberry presided at the organ. There were many beautiful floral offerings. The bearers were: Thomas Tobin, William Carr, John Flaherty, John J. Heherman, John Simpson and Bernard Burke. Burial took place in St. Patrick's cemetery where the final prayers were read. Rev. J. J. Heherman. The funeral arrangements were in charge of Undertakers M. H. McDonough Sons.

BOURGEOIS—The funeral of H. H. Bourgeois took place at 11

DUFFY—The funeral of John will take place Thursday morning at 8 o'clock from the home of his mother, Catherine Duffy, 63 East Second street. A large number of friends are expected to attend the funeral mass, which will be sung by the Holy Trinity church at 9 o'clock. Burial in Wilton, N. H., at St. George's. Undertakers J. O'Donnell & Sons.

FISHER—Died Feb. 18 at the L. Corporation hospital, Anna W. Fisher, aged 70 years. Her husband died last week. The funeral services will be held Thursday afternoon at 2 o'clock from the rooms of Undertaker John Weinbeck, 12 Middlesex street. Final service will be held Friday, Feb. 20, at First Evangelical church, at First Bangor and Third streets at 2.30 o'clock. Friends desired without further notice, burial arrangements in charge of John Weinbeck.

HANSON—Died in North China, Feb. 19th, at her home on the stable road, Mrs. Augusta Hanson, aged 62 years, 11 months and 4 days. Funeral services will be held at the North Chelmsford on Saturday afternoon at 2 o'clock. Friends invited. The funeral arrangements are in charge of Undertaker William H. Saunders.

MCCANN—The funeral of Mrs. J. P. (Ellen) McCann will take place Friday morning from her late residence, 15 North street, at 8 o'clock. A large number of friends are expected. Burial will be in family plot in St. Patrick's cemetery. Burial arrangements in charge of Undertakers O'Donnell & Sons.

MASS NOTICE

A monthly mind mass for the soul of the late John J. McNamee will be celebrated Friday evening at 7 o'clock at St. Peter's church. Friends invited.

ORDERS TRIAL BY
COURT MARTIALSec. Daniels Acts Following
Charges of Bribery and
Graft in NavyTwo Naval Officers in Third
Naval District Must An-
swer ChargesWASHINGTON, Feb. 18.—Trial by
court-martial of two naval officers in
connection with charges of bribery and
graft in the third naval district has
been ordered by Secretary Daniels.It was announced today that suffi-
cient evidence had been submitted to-
day in a preliminary report by investi-
gators to warrant these trials immedi-
ately. Secretary Daniels said at least
two other cases were developing.No names were made public, but it
was learned that one case involved the
acceptance by a naval medical officer
of a bribe of \$1000 for passing an
applicant who was not physically qual-
ified for the duties he sought, and an-
other case involved a bribe of \$500 to
secure a detail which would permit the
applicant to remain at home indefinitely.

Probe Continues

NEW YORK, Feb. 18.—Investigation
of the charges of bribery and graft on
the part of the personnel of the third
naval district was still under way and
would not be completed for several
days, possibly longer, it was disclosed
at the district headquarters today. It
was learned that the present inquiry is
the outgrowth of evidence produced at
the court-martial of Lieut. Benjamin
Davis, a medical officer.

THE FINANCE QUESTION

Carpenters and Joiners Argue
on Resolution Concerning
Organized Labor FinancesAccording to the secretary of the
Massachusetts council, Brotherhood of
Carpenters and Joiners of America,
which is holding its 25th annual con-
vention in this city, there was nothing
done at this morning's session of the
convention, except a red hot argument
on a resolution pertaining to the
finances of organized labor. This same
resolution, it is said, was presented at
the last convention of the organization
and action was postponed until this
year the affair being placed in the
hands of a special committee. This
committee reported this morning and
the report was followed by a lengthy
argument in the course of which it de-
veloped that the organization has
within its ranks a number of good or-
ganizations.REP. ACHIN HONORED
BY GOVERNOR

(Special to The Sun)

STATE HOUSE, Boston, Feb. 18.—
Rep. Henry Achin, Jr., was honored by
Gov. Coolidge today with an appoint-
ment on the special committee which
is to welcome President Wilson on be-
half of the commonwealth. It is ex-
pected that the committee will go down
to the harbor and meet the George Wash-
ington on which the president will ar-
rive, and they will undoubtedly attend
officially such public functions as the
president is willing to participate in.

CUTTING POND ICE

The Daniel Page Co. will employ
between 40 and 50 laborers for ice-cut-
ting tomorrow morning. These men
will work at Forge pond in Forge
Village where the company is now
erecting a big addition to the ice
houses. The ice on the pond is 11
inches thick and as much of it as pos-
sible will be stored away for the low-
est trade next summer because it is
feared a very small crop will be avail-
able on the Merrimack river. There are
20 carpenters employed on erecting the
addition.

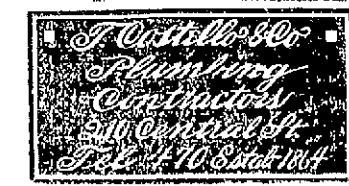

TRAFFIC DELAYED

Traffic on the Yarmouth avenue line
of the Bay State street railway was
delayed this morning at about
6:15 o'clock when an incoming trolley
broke an axle near Southbridge avenue.
The wrecking crew was called to the
scene and after two hours' work the
damaged car was removed and traffic
was resumed.HIGGINS BROS.

HINDENBURG THE
FIRST TO QUITErzberger Says Field Marshal
Demanded and Authorized
Signing of First TermsAssembly in Uproar as Erz-
berger Bitterly Denounces
Delegate VoglerWEIMAR, Tuesday, Feb. 18.—(By
The Associated Press)—Mathias Erz-
berger of the German armistice com-
mission again held the center of the
stage at this afternoon's session of the
national assembly, outlining the entire
history of the armistice negotia-
tions from the time they were begun
last fall. His statement was in reply
to a bitter personal attack made upon
him by Delegate Vogler of the German
people's party.The house was in an uproar for nearly
an hour, first in protest against
Vogler's attack and then in enthu-
siasm for Erzberger as he defend-
ed himself and scathingly denounced
his assailant.Erzberger told the house many things
about the armistice which were either
unknown to or had only been sus-
pected by his hearers. One of these was
his unqualified statement that it was
"Prize Maximilian of Baden who had
approached the entente because of the
"iron compulsion" of the high military
command for peace and that it was
Field Marshal von Hindenburg who de-
manded and authorized the signing of
the first terms.Erzberger, who seemingly has been
unpopular because of his work in the
armistice negotiations and who re-
ceived only scattered applause when he
spoke last week to the national as-
sembly, re-established himself by his
speech today not only with the ex-
ception of the conservatives. Their dem-
onstrations caused Vogler to stop speak-
ing by drowning out his voice. The
house cheered Erzberger at the conclu-
sion of his speech, breaking the house
rules and applauding as well as cheer-
ing for several minutes until it was
called to order by President Fehren-
bach.MEETING OF FARMERS'
INSTITUTE TODAYThe third farmers' institute meeting
of the season under the auspices of
the Massachusetts state department of
agriculture, co-operating with the
Middlesex North Agricultural society,
was held today at the Palace Street
Baptist church. The morning session
continued from 10 until 12 o'clock, and
the afternoon session was scheduled
for 2 o'clock. The attendance was
most gratifying and the discussions
produced an interesting exchange of
ideas.It mattered not to the farmers pres-
ent that the thermometer without
stood way below the freezing point,
for they sat down and talked cabbage,
squash, corn, hay and potatoes with
true July spirit and enthusiasm.
The institute opened at 10 o'clock
and for half an hour George L. Sloane
of West Milbury, Mass., a practical
farmer, led an informal conference on
a wide variety of subjects pertinent
to the proper way of planting crops,
that the maximum harvest may be ob-
tained. Mr. Sloane answered many
questions put to him and made the
short session check full of interest and
help.At 10:30 o'clock Edward F. Dickin-
son, continued to Page SevenMrs. M. E. Barry

LAND SUNDAYShip Making Such Good
Speed That She May Reach
Boston Ahead of TimePresident Expected To Make
Appeal to Country For
Support of LeagueWASHINGTON, Feb. 18.—Wireless
despatches to the White House today
from the George Washington, indicated
that the ship was making such good
speed that she might drop anchor in
Boston harbor Sunday night. In that
event, President Wilson probably would
remain on board until Monday morn-
ing and deliver his address in Boston
some time during the day. The in-
sistence speech is expected by adminis-
tration officials to be confined almost en-
tirely to an appeal to the country for
support of the league of nations.
It was said today that the president
probably would utilize the opportunity
to take the public into his confidence
as to the need for such a league, but
that he would reserve any detailed ex-
planation of the articles of the pro-
posed constitution for conferences with
members of congress and an address
to congress on the subject, which he
probably will deliver soon after ar-
rival in Washington.Secretary Tumulty has arranged to
go to Boston Friday to complete ar-
rangements for the address and to be
ready to confer with the president on
the situation at home.NOT A RUSSIAN AMONG
RED AGITATORSWASHINGTON, Feb. 18.—Col. S. Hur-
ban of the Czechoslovak army, con-
tinuing today his story of the situa-
tion in Russia before the senate com-
mittee investigating lawless propaganda
in this country, said of all the bolsh-
evist agitators he saw in Russia, not
one was a Russian.RECEPTION FOR LOWELL
MEN OF THE 26THMayor Perry D. Thompson is work-
ing steadily on plans for the reception
of the Lowell men in the 26th division
upon their arrival from France. Con-
siderable uncertainty has been caused
by the lack of definite information as
to when the division would leave for
home and also upon the manner of
their reception on this side.It is known that the men will land
in Boston and after a parade there will
probably go to Camp Devens. It is at
this point that the mayor is uncertain
as to plans. It is feared that the Low-
ell boys will be discharged a few
at a time and this will prevent any
organized welcome home.
However, his Honor has set April
19, Patriots day, aside for the first
Continued to Page SevenREFUSE TO MEET
RED DELEGATESWASHINGTON, Feb. 18.—Formal re-
jection of the proposal that they meet
delegates of the Bolshevik and other
Russian government at Princeton Island
Paris today by representatives of the
governments of Siberia, Archangel and
southern Russia, according to a de-
spatch to the Russian embassy here
from Ambassador Guchkov at Paris.
In their note the three governments
said they had accepted the offer of
the allies to collaborate in the interior
pacification of Russia, but that there
could be no collaboration between them
and the Bolsheviks, whom they de-
nounced as traitors and instruments of
anarchy.Trade in Lowell with Sun advertising

BITTER ATTACKSDenounces League of Nations
in Senate—Calls It "Fer-
tile Seed of War"Means Surrender of Our
Rights, Privileges and Sov-
ereignty, He SaysWASHINGTON, Feb. 18.—In the first
prepared address on the league of na-
tions delivered in the senate since the
constitution of the proposed league was
made public, Senator Poindexter of
Washington, republican, today de-
clared the entrance of the United
States into the league would mean a
surrender of American rights, privi-
leges and sovereignty, the abandon-
ment of the Monroe doctrine, and a
violation of the constitution. The con-
stitution of the league, he asserted,
was conflicting, immediate and un-
certain and the machinery which it
proposed to set up, "similar to the sov-
iet government of Russia."

EXPLAINING INCREASE IN
WATER RATESAlthough the increase in water rates
voted by the municipal council yester-
day will go into effect March 1, the
bills which Lowell people will receive
April 1 will be under the old rates, as
the charges on these bills will be for
the quarter comprising December, Jan-
uary and February, according to an
announcement made at the water depart-
ment office today.These bills will be for people whose
consumption of water is measured by
meters. The meters will be read start-
ing March 1 and will continue some 15
or 20 days.Under the new schedule, the rate
charged to takers of water in build-
ings where there is no meter shall be
at the minimum rate of \$12 a year.
Bills for this kind of service are sent
out only once a year, every July 1.
Next July, they will be under the new
rate as such bills are payable in ad-
vance.There have also been changes in the
water rates and bills for this sort of
service will be sent out May 1 and
will take in the period from April 1,
1919, to April 1, 1920, as these bills
are also payable in advance. The May

Premier ClemenceauPershing Says 26th Division Will
Sail April First

(Special to The Sun.)

WASHINGTON, D. C., Feb. 18.—Congressman Alvan T. Fuller today
made the following statement to The Sun, by wire, concerning General
March's statement yesterday that it will be several months before the
26th division would return:"I am forwarding to you an exact copy of the cablegram received
from General Pershing at 9:03 this morning:

"Congressman Alvan T. Fuller,

"House Office building, Washington, D. C.

"Reference your cable Feb. 16 to the date of sailing of 26th divi-
sion, depends entirely on availability of shipping. According to present
plans, the 26th division will sail first of April.

"PERSHING."

Bill For Survey of the Merrimack
River Passes Senate

(Special to The Sun)

WASHINGTON, Feb. 18.—Of particu-
lar interest to Lowell people in general
and the textile industry in particular,
is the announcement from the United
States senate this noon that the Weeks
amendment asking for a survey of the
head waters of the Merrimack river for
the purpose of establishing a great
storage reservoir, has passed the sen-
ate and will become a part of the riv-
ers and harbors bill.The measure has already passed the
house of representatives. All that
could cause its death now would be for
it to be stricken out of the rivers and
harbors bill as an item, which is some-
thing very improbable.The only objection to the plan to have
this survey made included in the rivers
and harbors bill is understood to have
been Sen. King of Utah. Sen. Weeks
retorted that the states of Massachu-
setts and New Hampshire were well
within their rights in demanding that
the survey be made in order to learnif the storage reservoir plan is prac-
ticable.When the vote was taken it was
found that Senator Weeks had won
out. The rivers and harbors bill is
now pending. Considerable credit for
this project having been advanced to the
stage it reached today is of course due
Senator Weeks. Still more credit for
the general proposition must be ad-
vanced Congressman Rogers who is
understood to have introduced this plan
to the attention of the house at the
request of Lowell engineers who have
great faith in what it involves.It is now believed federal engineers
when better weather arrives, will sur-
vey the territory available for this
storage reservoir in New Hampshire.
Their favorable report, if they make
one, will enlist federal funds for pur-
chase of the land necessary, and the
expense of creating this reservoir, it
being expected that possibly the states
of New Hampshire and Massachusetts,
through their legislatures, must also
share in the total expense.

RICHARDS.

Nov. 19, 1917, shot and killed Emil
Knabe, a butler in the home of Mrs.
Horatio N. Slater, in the Back Bay
district, pleaded guilty to manslaughter
today and was sentenced to the
state prison for from 12 to 15 years.
Knabe was shot when he sought to
prevent the boy entering Mrs. Slater's
apartment.CHICAGO, Feb. 18.—A meeting which
may result in the formation of an ex-
pert association of independent meat
packers to contest the foreign field
with the "big five," was held here to-
day. Representatives of 70 packing
companies from all over the country
being present.CHATHAM, Feb. 18.—Fighters were
engaged today in transferring the
cargo of sugar from the steamer Sas-
senheim stranded for nearly a week on
Hawkerchief shoal to another steamer.
Three tugs were standing by prepared
to make further attempts at high wa-
ter to float the Saszenheim.WASHINGTON, Feb. 18.—An infor-
mation was reached today by the
senate banking and currency com-
mittee, that no action could be taken
at this session of congress on the bill
of Senator Weeks of Massachusetts
to abolish the office of controller of the
currency.NEW YORK, Feb. 18.—The Hat Chase
will play first base for the New York
Nationals this season. A deal was put
through today by Vice President Mc-
Graw of the local club, and Manager
Moran of the Cincinnati club, whereby
First Baseman Walter Holke and
Catcher Bill Bartholomew go to Cincinnati
in exchange for Chase.NEW YORK, Feb. 18.—The govern-
ment will soon allow an increase of
75 cents a ton in the price of anthracite
coal, according to a statement by
Mr. V. Norris, an engineer with the
United States fuel administration here
today.LONDON, Feb. 18.—Premier Clem-
enceau will be up in a day or so. Andrew
Bonar Law announced in the house of
commons today.LONDON, Feb. 18.—Gottin, who shot
Premier Clemenceau, is known as a
dangerous anarchist, according to a
London News despatch from Paris.
When questioned, he took all respon-
sibility for the shooting.Follow the Crowd Thursday Evening to Lincoln Hall

Policeman Gonsat, who was wound-
ed in the right eye, although not seri-
ously, by one of the assassin's shots,
told a representative of the Associat-
ed Press that Premier Clemenceau
rushed up to the assassin and grappled
with him.

Believe Assailant a Russian

It was learned at the city hall that
the assailant of Premier Clemenceau
was a man named Emile Cottin, 20
years old, and born at Orell. The man
said his home was in the Montreux
quarter of Paris. The police, however,
are inclined to think him a Russian.The assassin was taken to the city
hall. An enormous crowd which ob-
served a respectful quiet, gathered
near M. Clemenceau's residence after
the occurrence. Within a half hour,
President Poincare arrived. He was
quickly followed by members of the
cabinet, high officials of the govern-
ment and representatives of the army
and navy as well as of the diplomatic
corps, including William Graves
Sharp, the American ambassador.

Assailant Emptied Weapon

According to Policeman Gonsat, the
assassin entirely emptied his weapon.
All the windows of the premier's au-
tomobile were smashed by the bullets.
One of the witnesses of the shoot-
ing, Henry Moulin, a barber's assist-
ant, told the correspondent that when
he heard the first shot fired, he had

SCHOOL IN HIGHLANDS

Opposition to Addition to
Morey School—Petitioners
Ask For New School

Declaring that some of the children who are now attending the Morey grammar school spend more time going and coming from the buildings than they do in the school itself, some 25 property owners and residents of the upper Highlands section appeared before the school committee last night to back up by their presence and voice two petitions asking that a new school be built in the vicinity of Tyler park rather than an addition to the present Morey school.

The full membership of the committee was present and the hearing lasted more than half an hour. Various arguments were brought forth in support of the petitions and there

Peptiron Is Good

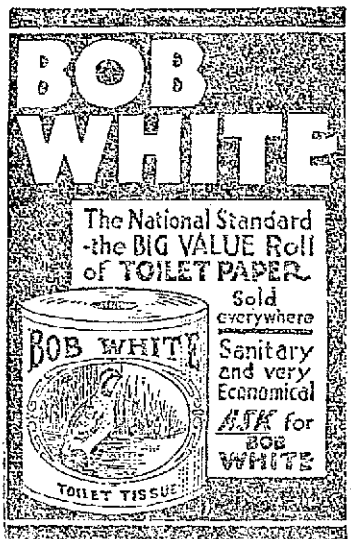

This Red Iron Tonic Combines Merit Economy and "Pop"

Made from a formula that uses iron in most desirable form, peptiron and gentian, great stomachic tonic, and celery, the best vegetable tenderizer for the nerves, and also manganese and other valuable nutrients—there is no question of the value of Peptiron as a blood builder and strengthener.

The larger size of Peptiron contains enough for a full month's treatment, while other so-called iron preparations contain only one-half or less.

The "pop" or promptness with which Peptiron does its work is noted by everyone who takes it.

From the first dose the system responds to the treatment, and you realize you are at last using a medicine that begins right, continues and ends right. Better get a bottle of Peptiron today. Take two Peptiron after each meal—then comes good blood, good appetite, and pep.—Adv.

posed 18-room addition to the school and he was told at the rate of \$10,000 per room.

"Is there any land available for the addition?"

Mr. Walsh: "Yes, some 70,000 feet in back of the school."

Mr. Webster: "Are there any buildings on that land?"

Mr. Walsh: "There are two small dwelling houses."

Mr. Webster: "Are they taxable property?"

Mr. Walsh: "Yes."

Mr. Webster: "For how much are they assessed?"

Mr. Walsh was unable to answer and Clinton P. Tuttle volunteered the information that \$10,000 was the approximate value of the 70,000 feet of land, including the buildings.

Mr. Webster: "That means that the total estimated cost of the new addition would be near \$200,000. How would the people who are sending their children to the Morey school benefit by such an addition?"

Mr. Crowley: "Mr. Chairman, isn't this meeting designed to get information rather than give it out?"

Mr. Walsh: "I'd be very glad to answer your question, Mr. Webster, but I think you ought to confine yourself to the presentation of your side of the case."

Mr. Webster: "I'm trying to lay the foundation of my case. We have a very decided purpose in coming here. If the plans of the school board are carried out, we are going to have only one school in one locality. I don't believe the cost will stop at \$200,000. In a short time we'll need another school and it will be a case of spending that much money again. The Washington school is already congested, although it has been open only 10 years. Is it advisable to ask \$200,000 from the taxpayers when it is almost certain that we shall need just as much five years from now? If the land is taken by the right of eminent domain and the owners succeed in getting 25 per cent in addition to the assessed value, the land for the proposed addition will cost 125,000."

Tyler Park Land

"Right in back of Tyler park there are 10 acres of land assessed at one cent per square foot. I don't know who owns the land and I'm not up here in any land-selling scheme. But all that land could be taken for the amount of money which it will cost to take 70,000 square feet for the proposed addition."

Clinton P. Tuttle said that he believed a new school should be placed somewhere between the Morey school and the city line. He said that the line of the Washington school district had been brought up to Shaw street, right in the shadow of the Morey school, in order to fill up the Washington school. He said that if the school committee was seeking to increase the city's revenue it should not acquire taxable property. The building of a new school would avoid this.

David Latham said that he had two boys going to the Morey school. He lives near the city line.

"They spend as much time on their way to and from school," he said, "as they do in school. They have no time for recreation. They have to hurry at noon and leave in the morning before working men do. A recreation ground in the Highlands would be of no use to them because they would have no time for it. I believe a school should be built in the vicinity of Tyler park."

Mr. Tuttle wanted to know if the committee had received any petition asking that an addition be built to the Morey school. Chairman Walsh said that it had not.

Fred O. Lewis said that the children in the Middlesex village end of the Highlands were being handicapped by having to go to the Morey school. He

BRITISH SAY ALLIES
TO SINK HUN FLEET

LONDON, Feb. 19 (British Wireless Service).—The final armistice conditions which the supreme council is considering will be made public before the end of the month, according to various newspapers, and they will include

HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—longue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for cod liver oil—were prepared by Dr. Edwards for 17 years of study with his patients.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggists. Take one or two nightly and note the pleasing results.

among the naval conditions the demolition of the forts on Heligoland and the Kiel canal, the surrender for purposes of destruction of the German warships now interned and the opening of the Kiel canal for civil transports.

It is stated that Germany will be left with a fleet large enough for defensive purposes.

PARIS, Feb. 19.—The special commission of the supreme council, charged with drafting the terms of a definite armistice which will hold good until the peace preliminaries are signed, has almost completed its task, and it is possible, says a Havas report, that Marshal Foch will be able to notify the Germans on Thursday or Friday of the military and naval terms, which will be essentially those of the preliminary peace treaty.

It is understood that the terms will include clauses by which Germany will be allowed to maintain only 250,000 men under arms to keep order. All war material beyond what is necessary to equip these troops would, according to report, be placed under control of the allies, who will also hold Germany's munition factories.

GERMAN ARMISTICE COMMISSION UNDER CONTROL OF FOREIGN OFFICE

BRASILE, Feb. 19.—The German armistice commission in the future will be under control of the foreign office, according to an unofficial dispatch from Berlin received here. Foreign Secretary Brockdorff-Rantzau will reserve to himself supreme directions of the peace terms. The national assembly will, naturally, be consulted on all decisive questions, it is said.

The report of the resignation of Captain von Selow, naval delegate, from the German armistice commission, is semi-officially declared to be unfounded.

SWEDEN WANTS TO RETURN 250,000 GERMAN AND AUSTRIAN PRISONERS

STOCKHOLM, Tuesday, Feb. 18.—N. Morris, American minister here, has transmitted for consideration of the peace conference, a suggestion from the Siberian government that Sweden, which since America's entrance into the war has been looking after the interests of German and Austrian prisoners on behalf of the Siberian government, ask for permission to return more than 250,000 prisoners by way of Vladivostok at once.

The communication also asks that tonnage and foodstuffs be placed at the disposal of Sweden so that the transfer can be made.

GENERAL PIŁSUDSKI TO RESIGN AS CHIEF OF THE POLISH STATE

WARSAW, Feb. 19.—General Joseph Piłsudski has announced his intention of resigning as chief of the Polish state.

A small girl who wanted to become a member of the Boys' and Girls' Social club in Searcy county, Ark., but who found it impossible to procure a setting of hens' eggs, managed to acquire four turkey eggs, which she put under a tiny bantam hen, the sole incubator at her disposal. Banty hatched out the four eggs, all right, and so had every reason for material pride in her big, bronze turkeys which were among the exhibits at the recent county fair.

REPORT OF THE COUNTY COMMISSIONERS

The annual report of the county commissioners of Middlesex Co., the county treasurer and the superintendent of the Middlesex county training school in North Chelmsford for the year ending December 31, 1918, has just been made public and includes a number of facts and figures of local interest.

The county commissioners are Alfred L. Cutting, Brian B. Barlow and Walter C. Wardwell. The county treasurer is J. O. Hayden and the school superintendent, Rufus E. Corlew.

The county expended a total of \$1,299,939.50 during the year. Of this, the support of the county training school took up \$18,848.12. The support of prisoners cost the county \$261,726.85. The county farm bureau received \$800.

The county received \$378.50 from the sale of old material at the Lowell jail and \$50 from the Lowell police court for dog fines.

Bernard F. Gately of this city received \$41 from the county for serving writs for the civil court and \$36.50 for the same work in connection with the superior criminal court.

The care of the Lowell court house cost \$8,069.77 and expenses for fuel, light and water in the same building totalled \$294.30.

Among the damages paid by the county to Lowell people were the following amounts: Henry L. Sheldon, \$44; John S. Cutler, \$32; Harrie Bancroft, \$12; R. B. Trull, \$10; Joseph M. Wilson, \$6.25 and Mrs. C. P. Hutchins, \$2.50.

The following Lowell people received the amounts mentioned for ap-
praising: Redmond Welch, \$7.40; Martin A. Maher, \$2.40; William H. Wilson, \$2.20 and Philip Lwyer, \$1.20.

First Street Highway

The county commissioners include the following hopeful comment on the new first street highway in this city as part of their annual report on roads:

"This is the case of a new highway from First street at Read street along the northern bank of the Merrimack river to the Dracut town line, so as to provide a suitable entrance into Lowell by way of the river road from Lawrence, which was built as a state highway a few years ago. Owing to war conditions, the project was not forwarded the past year, but it is hoped this improvement may be accomplished when financial conditions are more favorable. The present first street is not in good repair and the new route with the work proposed by the highway commission will provide an adequate entrance to the state road which leads down the river to Lawrence."

The Lowell Jail

The commissioners also make the following report of conditions at the Lowell jail:

"In December when the commissioners made an inspection of the Lowell jail, there were 66 inmates, 50 men and 16 women. The keeper again called attention to the need of toilet arrangements in cells and for better bathing facilities. With the small population, the men are kept busy about the place to a large extent, there being no industry now established at this institution. Some effort was made to cultivate a tract of land for the purpose of raising corn and potatoes on a lot outside of Lowell and fairly good results were obtained. Some better arrangements for ventilating the kitchen should be made and a new ice chest is needed. The commissioners' attention was also called to the need of gratings in front of the cell areas to prevent accidents and all of these matters were taken under advisement."

Training School

The report of Rufus E. Corlew, superintendent of the training school, is most interesting as usual. In view of the present campaign for Americanization, the statement that out of the 60 boys committed during 1918, only 20 of them were sons of native born parents is pertinent. Thirty-six boys were discharged from the school during the year.

The school was very fortunate during the influenza epidemic. In the early fall not one boy or officer at the school had it. During the re-entrance there

Fagged Out Women
Vinol is What You Need

If all the tired, overworked, run-down women in this community could realize how our delicious Vinol, which contains Beef and Cod Liver Peptones, Iron and Manganese Peptonates and Glycophosphates supplies the vital elements necessary to enrich the blood and create working strength, we wouldn't be able to supply the demand.

Dukedom, Tenn.
"I live on a farm and keep house for six in my family. I got into a nervous, run-down condition so it seemed as though I would die. A friend advised me to try Vinol. I tried Vinol. It built me up—I now have a good appetite and am well and strong."—Mrs. H. H. Goodwin.

Burdett, N. Y.
"I keep house for my family of three, and raise chickens. I had a nervous breakdown, so I was unable to work. The doctor did not seem to help me, and a cousin asked me to try Vinol. It built me up—I now have a good appetite and am well and strong."—Mrs. Loyal Palmer.

For all run-down, nervous, anemic conditions, weak women, overworked men, feeble old people and delicate children, there is no remedy like Vinol.

Vinol Creates Strength

LIQUETT'S RIKER-JAYNES DRUG STORES, LOWELL, PHARMACY FALLS & BURKINSHAW, F. J. CAMPBELL AND DRUGGISTS EVERYWHERE.

Several cases but only in a mild form.

Thirty-seven former members of the school are in the national service and one gave up his life. In closing, Supt. Corlew expresses his appreciation to the pastors of both the Catholic and Protestant churches in North Chelmsford for their services. Last spring 55 boys were confined in the Catholic faith at St. John's church, North Chelmsford. Special thanks are also extended to William P. Thornton, attendance officer of Lowell, and to the Knights of Columbus and the ladies assisting them, who under Mr. Thornton's direction entertained with an enjoyable minstrel show.

A. G. POLLARD COMPANY

EMPLOYEES' DANCE

All the joyousness and jollity of former years was reflected in the annual social and dance given last night by the A. G. Pollard Co. Employees' Mutual Benefit association in Associate hall. The affair attracted a large number of young people, who enjoyed the evening to the utmost. Dancing was started shortly after 8 o'clock and continued until midnight. Miner-Doyle's orchestra furnished music. Fees were served during an intermission when the young people were given an opportunity to meet Mayor and Mrs. Perry D. Thompson and Mr. and Mrs. Harry G. Pollard.

The decorative scheme of the hall was beautiful to look upon. Colored bunting, lace trimmings, greenery and cut flowers were blended into a charming effect, while hundreds of colored lights added to the scene. The stage background was light blue, centered by a large American flag.

The officers in charge were: General manager, Mildred M. O'Connor; assistant general manager, Helen M. Rogers; floor director, Madeline Hartigan; assistant floor director, Anita Marquis; chief aids, Mae Cashman, Marion Mulcahy, Laura Daigle, Ida Grandchamp, Margaret Sullivan, Agnes Decker; aids, members of the association.

MRS. ROOSEVELT

AT SON'S GRAVE

PARIS, Feb. 18.—Mrs. Theodore Roosevelt, accompanied by Lieut. Col. Theodore Roosevelt, Jr., visited the grave of Lieut. Quentin Roosevelt, near Meaux-Tardouise, yesterday, and laid flowers on the simple monument which marks her son's last resting place. The grave is being carefully tended by the inhabitants of the locality.

CANOPIC ARRIVES WITH TROOPS

NEW YORK, Feb. 18.—The Canopic arrived today from Brest with 34 officers and 1201 men of the 182nd Infantry of the 43rd division. Also aboard were 184 coast officers and men and 24 naval officers and civilian employees.

WOMAN WHO FELL DOWNSTAIRS DIES AS RESULT OF INJURIES

Mrs. Anna W. Fisher, who last Thursday evening fell down a flight of stairs in the Keefe block, at the corner of Broadway and School street and dislocated her left shoulder, died last evening at the Lowell Corporation hospital. The injured woman, when taken to the hospital, was unconscious and she passed away without regaining her senses. Her home is at 173 School street.

LICENSE COMMISSION

At a regular meeting of the license commission held last evening the following routine business was transacted. Licensee granted, junk collector, Robert A. Hartley. Billiard to sell on commission on the Lord's day, Lowell Confectionery Co., 129 Gorton street.

Actress Tells Secret

A Well Known Actress Tells How to Darken Gray Hair With a Simple Home Made Mixture

Joicy Williams, the well known American actress, who was recently playing at the Imperial theatre in St. Louis, Mo., made the following statement about gray hair and how to darken it:

"Anyone can prepare a simple mixture at home, at very little cost, that will darken gray streaked or faded hair, and make it soft and glossy. To a half pint of water add 1 ounce of bay rum, a small box of Barba's compound, and 1 ounce of glycerine. These ingredients can be bought at any drug store at very little cost, or any druggist can put it up for you. Apply to the hair twice a week until the desired shade is obtained. This will make a gray haired person look 20 years younger. This is not a dye, it does not color the most delicate scalp, is not sticky or greasy and does not rub off."—Adv.

PRESIDENT TO ATTEND

Will Preside at Conference of Governors — To Discuss Unemployment Problem

CINCINNATI, Ohio, Feb. 18. (Underline) of governors to be provided by President Wilson for the 10th session of unemployment, has been called by the department of labor for early in March, the exact date and place to be fixed when he returns to Washington.

This announcement was made in a telegram received from Roger W. Babson, by Frank Hawley of the information and education service, division of industry, department of labor, who advised the Cincinnati Central Labor council last night. Mr. Babson said a

Mr. Hawley is one of a corps of men sent out by Secretary of Labor Wilson for the double purpose of speaking against resort to violence and telling for the plans of the department to discuss the Cincinnati Central Labor council last night. Mr. Babson said a

Thousands of others have gotten rid of theirs WITHOUT DIETING OR EXERCISING often at the rate of over a pound a day and WITHOUT PAYMENT until reduction has taken place.

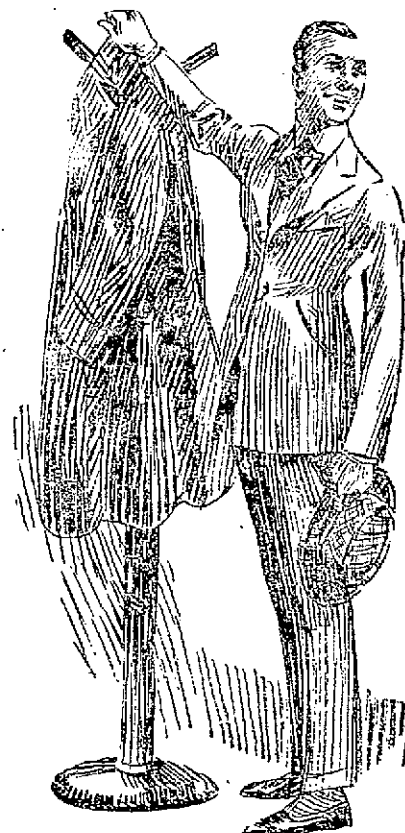

I am a licensed practicing physician and personally select the treatment for each individual case, thus enabling me to choose remedies that will produce not only a loss of weight harmlessly, but which will also relieve you of all the troublesome symptoms of over-stoutness such as shortness of breath, palpitation, indigestion, rheumatism, gout, asthma, kidney trouble and various other afflictions which often accompany over-stoutness.

My treatment will relieve that depressed, tired, sleepy feeling, giving you renewed energy and vigor, a result of the loss of your superfluous fat.

You are not required to change in the slightest from your regular mode of living. There is no dieting or exercising. It is simple, easy and pleasant to take.

If you are over-stout do not postpone but sit down right now and send for my FREE TRIAL TREATMENT and my plan whereby I am to be PAID ONLY AFTER REDUCTION HAS TAKEN PLACE if you so desire.

25 GREAT R.R. SYSTEMS

Willard Proposes Ultimate Consolidation of All Country's Railroads

WASHINGTON, Feb. 19.—Daniel Willard, president of the Baltimore & Ohio railroad, continuing testimony today before the senate interstate commerce committee, proposed ultimate consolidation of all the country's railroads into about 25 great systems along present lines, as an alternative to the plan of establishing regional systems on a geographical basis.

He submitted a map to show how competition would be preserved under his plan with the big roads absorbing the weaker ones. Under the proposed regional system, he said, competition would be eliminated in each region and service would suffer. Funds for purchasing the small roads should be provided, the committee was told, from excess earnings of the prosperous ones which otherwise would go to the government.

In this way, he said, the big roads would be induced to promote the plan and he predicted that within five years there would remain not more than 40 systems. At present there are 162 railroads earning more than \$1,000,000 a year.

If you want to buy, sell or exchange anything, try a Sun want ad.

CONDITIONS IN GERMANY

Much Unemployment and Restless State Which Threatens Future Peace

PARIS, Feb. 19.—Captain Walter R. Gherardi, U.S.N., who has been in Germany for two weeks studying economic and general conditions, has returned to Paris and reports that he found much unemployment throughout the country and a restless, fluid condition that contains a threat against the peace of the immediate future. He says that Germany's food supplies are limited to nearly exhausted reserves, which cannot last longer than next month, leaving a great gap to be filled before harvest.

The German army, he says, has shrunk to insignificant figures and is no longer formidable.

If the new armistice terms now being framed, involving disarmament of all but a sufficient number of soldiers to prevent internal disorders, are observed by the Germans, it is believed by most of the entente representatives here that France need have no further fear from that quarter and that there can be no reason for delaying the conclusion of a peace treaty.

dition that contains a threat against the peace of the immediate future. He says that Germany's food supplies are limited to nearly exhausted reserves, which cannot last longer than next month, leaving a great gap to be filled before harvest.

The German army, he says, has shrunk to insignificant figures and is no longer formidable.

If the new armistice terms now being framed, involving disarmament of all but a sufficient number of soldiers to prevent internal disorders, are observed by the Germans, it is believed by most of the entente representatives here that France need have no further fear from that quarter and that there can be no reason for delaying the conclusion of a peace treaty.

AMUSEMENT NOTES

Below is what the press agents of the different theatres say of the current attractions and of others to come later.

R. P. KEITH'S THEATRE:

Pat Rooney, jester of comedians and one of the greatest dancers to be found anywhere, will delight you at the R. P. Keith theatre, this week. Pat sings a while—and his songs are all new—and then he dances. He has some of his best songs, notably "The Daughter of Rosie O'Grady," which is as attractive as it was the day it was first sung. Pat Rooney adds a whole lot to any bill, and he will tickle the ribs of any audience for full 20 minutes.

Next in importance is an act which George N. Brown presents, and which is called a demonstration of walking. It is that, but Pat Rooney manages to worm his way in and Ralph Kline, a blackface comedian of an earlier act, also does his bit. Master Billy Weston, boy scout walker, also appears. Brown and Weston do a half-mile in quick

time, and Rooney and Kline also have a little set-to. It's a rousing good act.

Homer Dickenson and Grace Deacon have a distinctly comedy turn, which pleases everybody, and Chinko, the juggler, and a lady cyclist, turn over an act that is plum full of new things. Kline and Rooney offer comedy and music in a nautical setting, and "Pop" is a bright little comedy sketch by Pitt Kerner. Bowman & Brooks open the bill with a musical act.

On Saturday, Washington's birthday, there will be three shows, beginning at 1:30, 4:30 and 7:45 respectively.

All Smoking Tobaccos are Flavored

"Your Nose Knows"

The Encyclopaedia Britannica says about the manufacture of smoking tobacco, "... on the Continent and in America certain 'sauces' are employed ... the use of the 'sauces' is to improve the flavour and burning qualities of the leaves." Your smoke-enjoyment depends as much upon the Quality and kind of flavoring used as upon the Quality and aging of the tobacco. Tuxedo tobacco uses the purest, most wholesome and delicious of all flavorings—chocolate! That flavoring, added to the finest of carefully aged and blended burley tobacco, produces Tuxedo—the perfect tobacco—"Your Nose Knows"

Try This Test: Rub a little Tuxedo briskly in the palm of your hand to bring out its full aroma. Then smell it deep—its delicious, pure fragrance will convince you. Try this test with any other tobacco and we will let Tuxedo stand or fall on your judgment—"Your Nose Knows."

EX-KAISER TO BLAME

German Peasants' Union Says He Delayed Too Long the Drawing of the Sword

BASEL, Feb. 19.—At a general meeting of the German Peasants' union held at Berlin on Tuesday, the president of the organization declared in an address that the former emperor was to be blamed for having delayed too long the drawing of the sword and that his weakness caused the rise of socialism, according to a Berlin dispatch received here. He said that British money had fostered dissatisfaction in the navy and had led to the military collapse last November.

All the speakers, it is said, asserted that the Peasants' union would be loyal to the monarchist movement.

TO HARVEST ICE

Returned Soldiers To Work on Kennebec River

GARDNER, Me., Feb. 19.—The work of harvesting ice on the Kennebec river to fill the seven houses between Chelsea and Bowdoinham to their capacity of over 200,000 tons will begin tomorrow. Probably 1000 men, including many returned soldiers, and 200 horses will be employed in the operations. The ice is in excellent condition, averaging 12 inches in thickness.

NURSES HEAR INTERESTING TALK ON NURSING ORGANIZATION IN THE UNITED STATES

More than 100 Lowell nurses met at the Lowell General hospital last evening to listen to a talk on "The Nursing Organization in the United States," given by Miss Ada Eldridge of Rochester, N. Y. Miss Linda Richards, the first graduate nurse from a United States hospital, now living in this city, also spoke. Miss Eldridge is interstate secretary of the American Nurses' association, the National League of Nursing Education and of the American Journal of Nursing. Dr. G. Forrest Martin, in the presiding office of the evening, introduced Miss Richards, who spoke interestingly for more than an hour.

MORE POLICE DEPARTMENT MEN ELIGIBLE FOR RETIREMENT

(Special to The Sun)

Without debate, the senate yesterday ordered to a third reading the bill providing that the electrician, assistant electrician and night signal operator of the Lowell police department shall be included within the list of those members of the department who are eligible for retirement on pension.

LOWELL BAPTIST UNION

The regular February meeting of the Lowell Baptist union was held at the Worthen street church Monday. Supper was served at 7 o'clock to about 20 guests by the ladies of the church. After the supper the business of the meeting was begun with a solo by Geo. F. Drew, accompanied on the piano by Mrs. Drew. The president of the union, Rev. George B. Marston, of the Fifth street church, then presented the speaker of the evening, Rev. Dr. John

Gas in the Stomach Is Dangerous

Recommends Daily Use of Magnesia To Overcome Trouble Caused by Fermenting Food and Acid Indigestion

Gas and wind in the stomach accompanied by that full, bloated feeling after eating are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so-called "acid indigestion."

Acid stomachs are dangerous because too much acid irritates the delicate lining of the stomach, often leading to gastritis accompanied by serious stomach ulcers. Food ferments and sours, creating the distressing gas which distends the stomach and hampers the normal functions of the vital internal organs, often affecting the heart.

It is the worst of folly to neglect such a serious condition or to treat with ordinary digestive aids which have no neutralizing effect on the stomach acids. Instead get from any druggist a few ounces of Epsom's Magnesia and take a teaspoonful in a quarter glass of water right after eating. This will drive the gas, wind and float right out of the body, sweeten the stomach, neutralize the excess acid and prevent its fermentation and there is no sickness or pain. Epsom's Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and the best form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion, gas, sourness, flatulency or pain. Druggists, Epsom's and other leading druggists.—Adv.

STORY-TELLING INSTRUCTOR

The Woman's association of the Kirk Street Congregational church met at the home of Mrs. Mary E. Spalding, 15 Georgia avenue, yesterday afternoon. The meeting was presided over by Mrs. A. K. Whitcomb. The guest of the meeting was Mrs. Margaret Eggleston, instructor in story-telling in the department of education, Boston university. Mrs. Eggleston is a professional in the art of telling stories and she entertained the ladies with a group of stories depicting the humor and the pathos, the heroism and the bravery in the lights and shadows of pioneer and missionary life.

THE WELCOME GUEST HAS A GOOD STOMACH

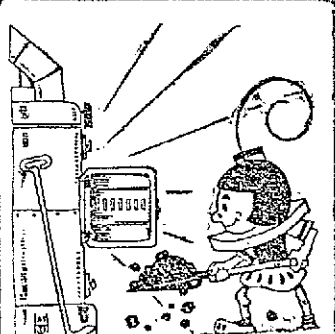

Not What You Eat But What You Digest Tells the Story—Eat Anything if You Follow With a Stuart's Dyspepsia Tablet

The Man or Woman Who Can Eat Heartily and Not Feel Awful Is the Welcome Guest Anywhere.

Many people just hate to eat in company. They prefer to crawl into some cozy place for a dyspeptic's plate of molly coddie. Business men often resort to this form of weakness under the belief they can work better. But it isn't what you eat but what you digest that counts. Some stomachs can't digest even a glass of milk. So they simply keep on feeding dyspepsia and get gas, water brash, sour risings and so on that the better informed and hearty eaters entirely avoid. This they do by using Stuart's Dyspepsia Tablets.

Many physicians prescribe them for indigestion, dyspepsia and other digestive disorders. They are sold at every drug store, everywhere, price 50 cents a box. Ask your druggist more about them.—Adv.

25 GREAT R.R. SYSTEMS

Willard Proposes Ultimate Consolidation of All Country's Railroads

WASHINGTON, Feb. 19.—Daniel Willard, president of the Baltimore & Ohio railroad, continuing testimony today before the senate interstate commerce committee, proposed ultimate consolidation of all the country's railroads into about 25 great systems along present lines, as an alternative to the plan of establishing regional systems on a geographical basis.

He submitted a map to show how competition would be preserved under his plan with the big roads absorbing the weaker ones. Under the proposed regional system, he said, competition would be eliminated in each region and service would suffer. Funds for purchasing the small roads should be provided, the committee was told, from excess earnings of the prosperous ones which otherwise would go to the government.

In this way, he said, the big roads would be induced to promote the plan and he predicted that within five years there would remain not more than 40 systems. At present there are 162 railroads earning more than \$1,000,000 a year.

AMUSEMENT NOTES

Below is what the press agents of the different theatres say of the current attractions and of others to come later.

B. F. KEITH'S THEATRE
Pat Rooney, gayest of comedians and one of the mildest dancers to be found anywhere, will delight you at the B. F. Keith theatre this week. Pat sings a while—and his songs are all new—and then he dances. He has some of his dad's songs, notably "The Daughter of Rosie O'Grady," which is as attractive as it was the day it was first sung. Pat Rooney adds a whole lot to any bill, and he will tickle the risibles of any audience for full 20 minutes.

Next in importance is an act which George N. Brown presents, and which is called a demonstration of walking. It is that, but Pat Rooney manages to wear his way in and Ralph Kinner, a blackface comedian of an earlier act, also does his bit. Master Billy Weston, Boston walker, also appears. Brown and Weston do a half-mile in quick time, and Rooney and Kinner also have a little set-to. It's a rousing good act.

Homor Dickinson and Gracie Dragon have a distinctive comedy turn, which pleases everybody, and Clunkie, the juggler, and a lady cyclist, turn over an act that is full of new things. Kinner and Rooney offer comedy and music in a musical setting, and "Pop" is a bright little comedy sketch by K. Kerner. Bowman & Brooks open the bill with a musical act.

On Saturday, Washington's birthday, there will be three shows, beginning at 1:30, 4:30 and 7:45 respectively.

THE STRAND
"Stolen Orders," the big \$200,000 Drury Lane melodrama, produced by William A. Brady, which will be shown for the last time today at The Strand, is one of the most wonderful pictures of its kind ever presented on the screen in this country. It is an eight-reel affair and deals with a story of intense interest to all true Americans. Monday night Manager Sellman had to turn patrons away as early as 7:30 and sell-outs have been the order ever since. The cast is headed by the biggest stars in filmdom. Then there is the Goldenrod feature, "Go With the Young Man," with Tom Moore as the star. This, too, is a wonderfully entertaining picture that is sure to be enjoyed by all. Miss Calver, the greatest soloist winning new friends and admirers in her song numbers, and the comedy and Weekly, as well as the Chester Outing are all good attractions tomorrow, and continuing throughout the remainder of the week. Gladys Brookwell in "The Call of the South" and Carlyle Blackwell in "Four Sides for Two" will be the features. A Tom Mix comedy will also be shown. This is something new. See it.

LOWELL OPERA HOUSE
"The Wife He Bought," a wonderfully good comedy drama, which is the presentation for the week by the Emerson All Star Players at the Lowell Opera House, offers better opportunity for emotional and high dramatic art, on a part of the engaging, Julian Nea and Miss Joan Sullivan, who appear in the principal roles, are especially good in their respective parts. Both reflect exceptional talent and their efforts richly earn the general commendation that is being given them by the patrons. So then, for the first time, the support accorded is excellent and the staging most commendable. Sell-out audiences should be the order of things during the remaining performances.

EX-KAISER TO BLAME
German Peasants' Union Says He Delayed Too Long the Drawing of the Sword

RASLE, Feb. 19.—At a general meeting of the German Peasants' union held at Berlin on Tuesday, the president of the organization declared in an address that the former emperor was to be blamed for having delayed too long the drawing of the sword and that his weakness caused the rise of socialism, according to a Berlin despatch received here. He said that British money had fostered dissatisfaction in the navy and had led to the military collapse last November.

All the speakers, it is said, asserted that the Peasants' union would be loyal to the monarchist movement.

MORE POLICE DEPARTMENT MEN ELIGIBLE FOR RETIREMENT
(Special to The Sun)
STATE HOUSE, Boston, Feb. 19.—Without debate, the senate yesterday ordered to a third reading the bill providing that the electrician, assistant electrician and night signal operator of the Lowell police department shall be included within the list of those members of the department who are eligible for retirement on pension.

WILFRID LORD ARRESTED
Alleged Wife Murderer Said He Was Willing to Return to Nashua

NEWARK, N. J., Feb. 19.—Wanted in Nashua, N. H., on a charge of murdering his wife, Wilfred Lord, 34, electrician, was arrested in a poolroom here yesterday by Detective D. J. Halsey on the tip of the Newark police that Lord was in town. Lord showed no surprise when Halsey walked up to him. "Hello, Halsey," he said. "I want you, Bill," the detective replied. "You know what for?" "Yes, I know," Lord is said to have replied, extending his wrists for the handcuffs.

Spotted By Friend
Lord has been working as night cashier in a restaurant in the heart of the city and has been seen by a number of detectives who frequented the place, but they did not know until last Thursday that he was wanted for murder. On that day a youth who came to Newark from Nashua, a few weeks ago, looking for work in the shipyards, met Lord on the street and spoke to him. Knowing of the murder of Lord's wife and the efforts of the Nashua police to find Lord, the youth told a policeman what he knew, but Lord disappeared. Since that time the detectives have watched the pool rooms where it was expected the fugitive would be found. Their vigil was rewarded yesterday. "What did you do with the revolver?" Lord was asked. "I threw it away," he is said to have replied.

"I'll tell you all about it later," Lord told Detective Halsey he was willing to go back to Nashua without a fight, but the New Jersey law requires extradition to take a prisoner out of the state. Awaiting the arrival of the papers from New Hampshire, Lord will be held as a fugitive from justice. No attempt has been made as yet to get a complete story of the crime from Lord.

Lord is quite well known in Lowell, having worked in a munition plant here several weeks previous to the alleged murder.

Lieut. Garvin P. Taylor of Montclair, N. J., dropping into a trench in France, picked up a paper to wipe the mud off his hands, and to his amazement found that it was a copy of the Montclair Times, published in his own town, and had in it a half-page article about his own father, illustrated with pictures of his home and the senior Taylor.

Gas in the Stomach Is Dangerous
Recommends Daily Use of Magnesia To Overcome Trouble Caused by Fermenting Food and Acid Indigestion

Gas and wind in the stomach accompanied by that full, bloated feeling after eating are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so-called "acid indigestion." Acid stomachs are dangerous because too much acid irritates the delicate lining of the stomach, often leading to gastritis accompanied by serious stomach ulcers. Food ferments and sours, creating the distressing gas which distends the stomach and hampers the normal functions of the vital internal organs, often affecting the heart.

It is the worst of folly to neglect such a serious condition or to treat with ordinary digestive aids which have no neutralizing effect on the stomach acids. Instead get from any druggist a few ounces of Bisulphate of Magnesia and take a teaspoonful in a quartet glass of water right after eating. This will drive the gas, wind and heat right out of the body, sweeten the stomach, neutralize the excess acid and prevent its formation and there is no sourness or pain. Bisulphate of Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and the best form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion. For sale at Jaggard's, Baker-Jones' Drug stores and other leading druggists.—Adv.

WOULD USE FORCE IN RUSSIA

PARIS, Feb. 18.—Several plans for a station of the Russian problem have been laid before the supreme council. It is based on the idea that the reluctance of the entente powers and the United States to defy socialist opposition to the use of their armies against what one of them regard as only a "workmen's government" can be met by recourse to a volunteer army. It is held that an army would be encountered in raising almost any desired number of soldiers for a Russian campaign from the millions of men now being discharged from the armies of the entente and America.

There is some doubt in the minds of several members of the council, however, whether their governments would escape socialist wrath by even this direct method of combating Bolshevism.

Present indications are that this plan will not be approved and that the supreme council will fall back into a waiting attitude, although it may be open possible to do something in a peaceful but effective way to weaken the soviet through economic restriction.

The reparations commission of the peace conference is speeding up its work so as to be ready to submit estimates of the damages Germany must pay when a treaty is concluded. It is believed that this cannot be long after President Wilson's return to France.

USE AMERICAN ELECTION METHODS IN POLAND

WASHINGTON, Feb. 18.—American election methods and machinery were used in the recent national elections in Poland. The Polish bureau here was advised today, in dispatches from Warsaw.

CENTENARY OF BIRTH OF LOWELL

NEW YORK, Feb. 18.—The four-day celebration of the centenary of the birth of James Russell Lowell, to be held under the auspices of the American Academy of Arts and Letters, will begin tonight with a reception at the home of President Nicholas Murray Butler of Columbia university. Many of the most distinguished literary men in America and England will take part in the observance.

FOUR MASS MEETINGS

Four mass meetings of textile operatives of this city are scheduled to be held this evening. The meetings are being called by the Lowell General Textile Committee, but the purpose of the meetings has not been stated. The gatherings will take place at 7 o'clock as follows: Portuguese, Griffin hall, 212 Merrimack street; Greeks, Greek Orthodox church, Jefferson street; Poles, Dom Polski hall, 19 Coburn street and French, 22 Middle street.

Rob Omega Oil gently over the place that hurts. Then soak a piece of flannel with the Oil, lay it on the painful part and cover with dry flannel. This simple treatment usually gives quick relief.

Notice is hereby given that the subject of public administration has been appointed public administrator of the estate of George Rappin, late of New Castle, in the commonwealth of Pennsylvania, deceased, intestate, and has taken upon himself that trust by giving bond, as the law directs. All persons having demands upon the estate of said deceased are hereby required to exhibit the same and all persons indebted to said estate are called upon to make payment to:

ALBERT D. HAMEL, Public Admin.
February 12, 1919.
FIVE DOLLAR BILL, lost in L. J. Chaffin's Wednesday morning. Return to J. McKenna, 72 Powers St., Newark.

UNION MARKET

TO GREET WILSON BY WIRELESS TELEPHONE

BOSTON, Feb. 19.—Plans for greeting President Wilson by wireless telephone, as he approaches this port on the steamer George Washington for the visit he will make here next week, were advanced today by army officials, cooperating with a radio research laboratory Major Foster Veitenheimer, chief of the radio research laboratory, arranged the apparatus which will be placed at the disposal of Major Andrew J. Peters to extend the city's welcome.

The distance at which the greeting can be given is uncertain, depending largely upon atmospheric conditions, it is said, but it may be possible to reach the George Washington when she is from 250 to 750 miles off shore.

Whether the president can return the greeting was a question unsettled today, because of lack of definite information regarding the equipment of his steamer. A radio telephone set can be used to receive a telephone conversation and a low-range radio telephone set probably will pick up the voice within 100 miles under good conditions, according to Major Veitenheimer, but a high powered telephone transmitting apparatus is necessary to initiate a conversation and he said there was no definite information available as to the nature of the George Washington's apparatus.

Major Veitenheimer said that it was expected that the George Washington would be within call of radio telegraph stations tonight or tomorrow, and arrangements for the telephone conversation would be completed by wireless telegraph as soon as communication was established.

TO RELIEVE CATARRHAL DEAFNESS AND HEAD NOISES

If you have Catarrhal Deafness or are hard of hearing or have head noises or a ringing in your ears, get 1 ounce of Eucalypti (double strength), and add to it 1 pint of hot water and a little granulated sugar. Take one tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to breathe, costs little and is pleasant to take. Anyone who has Catarrhal Deafness or head noises should give this prescription a trial.—Adv.

ton returning to this country. He is with the 146th Machine Gun Battalion. Rodolphe E. Lonsigne, son of Mr. and Mrs. Wilfred Lonsigne of 50 Woodcock street, who recently enlisted in the United States navy as an apprentice seaman, has been stationed at Newport, R. I.

Have you lost a bunch of keys? If so, call at the police station, you may find your property there. One of the desks in the office of Deputy Supt. Downey is literally covered with keys of all descriptions, that are brought to the station by patrolmen. These keys have been accumulating for months and it may be that some of them are very valuable. Now if you have lost keys, call at the office of the deputy superintendent of police and identify your property.

LOOKOUT FOR BOGUS CHECK WORKER

Furniture, piano and talking machine dealers of this city are warned to be on the lookout for a slick check worker, who has operated in the middle west and is now touring the New England states. It seems that this party works his game by going into a store, purchasing certain articles, and paying with a bogus check, which in every instance is for an amount larger than the price of the purchase, and in this manner he gets away with whatever change is given him by the merchant.

Supt. Welch of the police department received a letter from the Bridgeport, Conn. police to the effect that the bogus check worker has worked in that city and that he is much wanted by the Bridgeport police. The check worker travels under many names, to wit: F. W. Kittle alias E. Taylor alias George H. Thompson. He is 26 years old, 5 feet and 6 inches in height, weighs 127 pounds, has dark chestnut hair, blue eyes and fine teeth. His hobby is purchasing pianos, furniture and talking machines.

Bitter Attack

ceived in the world," he said. "Instead of being an instrument of peace, it is the fertile seed of war—the dragon's tooth from which, when sown, armed soldiers will spring."

Through participation in the drafting of the league's constitution, he declared, the United States had been led to a point where we are now facing an abyss. If the senate should ratify the proposed constitution and sanction the entrance of the United States into a league of nations, without submission of the question, "Is the American people in a political campaign where it shall have been made the issue, and upon which they will have an opportunity to render judgment in an election," he declared, "then self-government in America will have disappeared."

"In adopting or rejecting this constitution," he continued, "and thereby becoming or not becoming a member of the league established under it, the government and the people of the United States will determine whether they are to remain the great governing power in the world."

With the constitution of the United States.

"Violates Constitution"

The power of congress to declare war, he said, would be taken away, in violation of the constitution and vested in a tribunal "the great overwhelming majority of which is composed of aliens to our interests and institutions." The league promises little guarantee for future peace, he asserted, when those who drafted its constitution have not been able to restore present peace or set up orderly government in central Europe and Russia.

Under provisions of the constitution providing for mandatories for external territories, Senator Pounder said the United States would be required to "undertake, peacefully unsolicited and unthought, to extend our responsibility and cares to the internal parts of the earth."

ESTHONIANS ARE FORCED BACK

Retire Before Advancing
Reds in the Region
of Pskov

Report Desperate Fighting
Continues in the Direction
of Volmar

LONDON, Tuesday, Feb. 18.—Esthonian troops have been forced to fall back before the Bolsheviks in the region of Pskov, according to an official statement issued last night by the Esthonian headquarters. The statement reads:

"In the direction of Pskov because of the enemy's superiority, our troops have been forced to retire to the line of the villages of Vitebsk, Luga, Solovka, Polog and Koshel. There is violent fighting in the direction of Volmar."

Bolshevik forces on Saturday attacked the Esthonians on the line of the villages of Vitebsk, Luga, Solovka, Polog and Koshel. There is violent fighting in the direction of Volmar."

thence around the southern end of Lake Peipus to Volmar on the river, northeast of Riga. The regiment mentioned in the dispatch is in the center of the front under attack.

CONSIDER JUGO-SLAV CLAIMS

Demands For Territory on
Eastern Shore of Adriatic
Before Supreme Council

Plea To Have Pres. Wilson
Arbitrate Claims
Condemned by Italians

PARIS, Feb. 18.—When the Jugoslav claims for territory on the eastern shore of the Adriatic came before the supreme council of the peace conference, it was tentatively decided that they should be referred to the commission to which was entrusted the examination of Roumanian demands, says a Havar report. Baron Sonnino, Italian foreign minister, objected to this plan, however, declaring that treaties dealing with those territories had been concluded among Italy, France

and Great Britain in February, 1918. He said that these treaties were still in existence and consequently, the signatures alone were qualified to modify them, acting in agreement.

This objection was supported by President Chamberlain of France, but A. J. Balfour, British secretary of state for foreign affairs, proposed a compromise which was adopted. This stipulated that claims regarding Balkan and Austria-Hungary should be referred to a special commission, while the Adriatic question should be reserved.

The representatives of France on the higher council, council, in 12 announced, with the Etienne, minister of commerce, that L. Klotz, minister of finance, and Louis Loucheur, minister of reconstruction.

ROME, Tuesday, Feb. 18.—The Italian press continues the story taken by the Jugoslavians in asking their President, Wilson, to arbitrate claims on territories along the Adriatic.

The Italian press, however, declaring that it was not a question of the commission to which was entrusted the examination of Roumanian demands, says a Havar report.

Baron Sonnino, Italian foreign minister, objected to this plan, however, declaring that treaties dealing with those territories had been concluded among Italy, France

WORK FOR UNEMPLOYED

Rep. Achin Urges Recommendation of Bill Designed To Forestall "Hard Times"

STATE, Feb. 18, Boston, Feb. 18.—Rep. Henry Achin, Jr., of Lowell, yesterday urged the legislative committee on taxation to recommend a law providing that all new buildings erected in this state, construction of which is begun before the end of the present year, be exempted from taxation for a period of five years.

He explained that the bill is presented solely as a means of providing work for the unemployed, and in view of the restrictions which have prevented building during the past year, he believed that a mammoth building program may be inaugurated in the near future with a little encouragement from the legislature. He pointed out that the bill is permissive, and will not take effect in any city or town without the consent of the local authorities.

While admitting that the bill might be considered unconstitutional and that the granting of such an exemption to private enterprise is practically unprecedented, in this state at least, Rep. Achin insisted that radical action is necessary if real "hard times" are to be forestalled. He declared that thousands of mechanics and laborers are now without employment, and with the return of troops from overseas the existing condition will rapidly grow worse unless new opportunities for employment are found. Nothing is gained, he said, if one employee is discharged in order to make room for another, and what is really needed is more jobs.

"We hear a lot of talk about reconstruction nowadays," he said, "but if it is expected that this will be carried forward by private individuals under present conditions, I believe many well-meaning persons are due for a rude awakening. The cost of building materials is high, almost prohibitive and in my judgment it is inevitable that only the most necessary new construction will be undertaken unless something in the nature of a bonus is offered to induce building at once."

SCHOOL AMALGAMATION

Board Plans School Merger—
One School To Take
Place of Seven

Lowell citizens have a general knowledge of what the project for a new school building on the site of the present Edison school building embraces, to wit: The abandonment of seven small schools, all included in a 200 foot radius of the Edison school, and an amalgamation of these into one large, modern, well lighted, well ventilated and altogether splendid school building, a city asset.

That this project, if successful, will be a big stride forward in the city's educational and democratic plans and ideals cannot be denied. It is the greatest school plan yet put forth, and, as believed by many, a sterling investment for the present and future generations.

Again we will name the seven schools in question: Colburn grammar, Ames primary, Central street primary, Lyon street primary and the Edison primary. A trip to these seven named schools yesterday afternoon and the observations made may give a clearer insight to the conditions of each individual building, its exact location, surroundings, etc.

The Colburn primary school, wooden in construction, and built in 1889, contains six rooms and an assembly hall. The hall, by the way, has been used for the graduation exercises of the Colburn grammar school, which has an assembly hall for some years past. The building itself is in fairly good condition. It has an assessed valuation of \$22,000, with an additional assessment of \$3400 on the land.

The Colburn grammar school, tucked in between the sidewalk on Lawrence street and the Concord river, dates back to grandmother's time, for it was built in 1848. Buildings were erected on honor in those days, and so the structure has well withstood the tests of time regarding its condition, but has lagged far behind in the swift advancement of education and its demanded facilities. The school has eight rooms, all in use. The light in the rooms on the ground floor is poor because they are below the level of the street. The school has practically no yard for recreation for the children, and what open space there is in the rear of the building ends abruptly at a retaining wall at the river bank. A none too sturdy fence guards the scholars from the river, some 30 feet below. The outlook from any one of the school windows is most depressing and the school suffers much in comparison with the more modern Greenhalge, Pawtucket or Washington schools, all schools, however, which grade no higher than the Colburn. The building is assessed for \$20,000, and the land for \$3500.

Just a stone's throw up the street is the Ames street school, a wooden building of two stories, built in 1871, and containing four rooms, three of which are in use at the present time. Again we find small, inadequate recreation space with especially poor surroundings as an environment. This building has an assessed value of \$12,000, and the land, \$2500.

The original Central street school was built in 1871, also, but altered somewhat since then. Only three of the four rooms in this wooden building are in use, the building itself being in good condition. Yard conditions here are better and there is a little more breathing space. The assessed value of the building is \$10,000, and of the land, \$1100.

Only half of the Lyon street school is now in use. Situated at Lyon and Central streets, the old brick structure, with two long flights of heavy stone steps leading up to the main entrance, was built in 1878. It has the usual, red brick architectural lines of past generations.

The atmosphere surrounding the Charles Street primary school is perhaps the most depressing of any of the seven schools. In the next lot is the remains of a building long since torn down, and the school yard to the rear is decidedly undesirable because of its environment. The school building is of wood and has four rooms, all in use. The school was built in 1882, and has an assessed valuation of \$12,000. The land is assessed for \$4450.

The Eliot primary at Summer and Faver streets stands aloof from the rest, overlooking the South common. It is of substantial brick construction and was built in 1882. The slope of the common directly opposite makes a splendid playground for the children and the surroundings as a whole are much more conducive to healthful growth. This building is valued at

\$22,000 and the land, \$5000.

The school committee is positive in its declaration that no better site for a large school could be obtained than on the Highland street side of the common. Here is high land, somewhat removed from the city's noise, at least more so than Lawrence street, on which are the Colburn grammar and Ames street schools, with the Colburn primary only three or four houses away. The school and surroundings are pleasant, and a school here would have two fine buildings, St. Peter's church and the court house, for neighbors.

The present Edison school is, with the old Bartlett, the oldest school building in the city, having been erected in 1873. The main building has eight rooms, and with two in the old annex the equipment of a ranking grammar school. The building has no assembly hall, graduation and all other exercises being held in the main grade room, or, if that is not large enough, out of doors. Its one redeeming feature is its location, the site on which the school authorities hope to erect a modern 30-room building, containing primary and grammar grades, well proportioned and planned.

The school committee is positive in its declaration that no better site for a large school could be obtained than on the Highland street side of the common. Here is high land, somewhat removed from the city's noise, at least more so than Lawrence street, on which are the Colburn grammar and Ames street schools, with the Colburn primary only three or four houses away. The school and surroundings are pleasant, and a school here would have two fine buildings, St. Peter's church and the court house, for neighbors.

STATE GUARD TO HOLD BATTALION NIGHT

Lowell companies of the Massachusetts state guard will hold their first battalion night in the armory tomorrow evening. The program embraces competitive drill in the manual of arms for privates and non-commissioned officers, a platoon from each of the three companies in close order tactics and a squad from each outfit in "the school of the squad." At the completion of the program dancing will be enjoyed.

The companies have put in much hard labor in preparation for the event

To Sun Readers and Advertisers

Washington's birthday will be a great holiday for all departments of The Sun, as all editions will be printed on that day, next Saturday.

Advertisers are therefore requested to send in their advertising copy which would ordinarily be published Saturday, so it can be published Friday. This advertising copy should reach The Sun office early on Thursday.

The Friday edition of The Sun this week will be an especially attractive paper with many articles and pictures in it appropriate to honor the memory of the great patriot.

Theatrical and other amusement advertisers are particularly advised that the Friday Sun this week offers a fine and unusual chance to advertise different holiday attractions in anticipation of a big business on Saturday.

under the direct command of their captains, who in turn carried out the orders of Major Edward Fisher. The company commanders are: Co. K, Capt. Albert Bergeron; Co. C, Capt. John S. Scott; and Co. A, Capt. Royal P. White. Prizes will be given in the individual competition.

The events will begin at 7:45 sharp and the men are ordered to report no later than 7 o'clock. Tickets have been provided and no admittance will be allowed unless a person has one to present at the door. The drilling will be over at 10 o'clock and dancing will follow until midnight.

Neuritis Pains Things of Past

New Hampshire Man Disabled by Exposure Arrests Decline With Blood Builder

When you are ill and losing weight, failing in strength and growing pale and sallow day by day, it is an indication that you need more blood.

Whatever the cause there can be no relief until the blood is built up so that it will carry renewed life and strength to every part of the body.

A remedy that arrests the decline in health and strength, that begins to restore the weakened muscles and strengthen the nerves demonstrates at once to the patient himself that the anemia is being overcome and that rich, red blood is now helping him to fight off rheumatism, sciatica, lumbago and a number of other diseases to which the victim of thin blood is liable.

Sufferers from anemia and its complications will find the experience of Mr. Charles Campbell of No. 30 Main street, Keene, N. H., a benefit. "After getting well I was home from work for three months with neuritis," he says. "I was confined to my bed with severe pains in my arms, my hands becoming numb and I lost control of them for months at a time. Sleep was impossible due to the constant and severe pain."

"On the recommendation of a friend who had been greatly benefited by them, I gave Dr. Williams' Pink Pills a trial. The pain was greatly lessened by the time I had taken three boxes and I continued their use taking seven boxes in all. All the pain left me and I am well again. As a tonic and remedy for neuritis I have recommended Dr. Williams' Pink Pills and shall gladly do so whenever I have an opportunity."

Dr. Williams' Pink Pills for Pale People contain just the elements needed to build up the blood and restore the lost color and vitality. New energy circulates through the system, its draining tendencies, the heart returns to checks and life.

Nothing more is needed except good light, good air, proper food and rest. If you do not know exactly what rules to follow in these matters write today to the Dr. Williams' Medicine Co., Schenectady, N. Y., for booklet on the blood, and diet. Your own druggist sells Dr. Williams' Pink Pills, price 50 cents per box, six bottles for \$2.50. ADV.

PEOPLE OF LOWELL, our quota is in danger of not being subscribed. This is no time to quit.

ONE'S OWN SELF-RESPECT

Without ulterior motive! Who can say that he acts without ulterior motive? It is human nature to attribute some ulterior motive to the act of his neighbor, but the last thing one searches himself for.

One gives—(give! Search myself! Why? Is it to advertise? Is it to gain something—money, trade, goodwill, popularity? Is it to save something—my reputation? Is it Public Opinion that would condemn or praise? Is it for friendship of those I respect and value?

What is the controlling motive? Is it the desire of success in the work undertaken? Is it the example necessary to give power to leadership? Is it sympathy with the cause alone? Is it pride in myself, my city, my neighborhood, my state, my country? Is it a willingness to co-operate with others for common good and humanity? Is it my own self-respect?

What is the ulterior motive? I leave it to each one to search himself, but the first and last motive that is of lasting consequence is what one owes to one's own self-respect.

Take the other side of the question. What are the ulterior motives for not helping? Let us search ourselves and wind up with what we owe to our own self-respect.

Self-respect is almost entirely dependent on the respect of others, and we are consequently not free to do as we please. There is a price to be paid and what we pay is the value we put upon it and get by. But after all, we have to maintain our own self-respect first and last. We may fool others, but not ourselves. WE MUST HELP WHEN WE CAN.
